

<u>Botanical Name</u>	<u>Common Name</u>	Description	<u>Sun Exposure</u>	<u>Height x Width</u>	<u>Bloom Color</u>	<u>Bloom Time</u>
Perennials						
Achillea x. 'Paprika'	Yarrow	Enjoy a rich profusion of bright ruby-red blooms with a yellow eye in your garden for several months.	Full Sun	18-24" h x 24" w	Red	June-August
Aconitum fischeri	Monkshood	This species has particularly strong stems that will not require staking. The distinctive, deeply divided, dark green, glossy foliage provides interest when the plant is not in bloom.	Full Sun to Part Shade	18-24" h x 12-18"	Purple	September-October
Agastache 'Apricot Sprite'	Anise Hysop	This dwarf, compact cultivar produces bright peach apricot flowers all summer. Upright habit with edible, grey-green foliage. Attracts butterflies, hummingbirds and very fragrant.	Full Sun	18" h x 20" w	Apricot	July-August
Agastache 'Blue Boa'	Anise Hysop	This outstanding selection is unlike any other Agastache. It features long, deep violet-blue flower spikes that are wide and extremely showy. Upright, clumping habit and bright green, fragrant foliage. Use in containers or tubs, or integrate in the perennial border. Attractive to hummingbirds and butterflies. Drought tolerant once established.	Full Sun	20-24" h x 14-16" w	Violet	June-September
Agastache 'Bolero'	Anise Hysop	Darker bronze foliage and vivid rose purple flowers with purple calyxes set this new variety apart. Forms a compact, branched clump of aromatic, slug and deer resistant foliage. Well-adapted to dry soils.	Full Sun	16" h x 24" w	Purple	July-August
Agastache 'Kudos Yellow'	Anise Hysop	Large, dense inflorescences of yellow flowers adorn this wonderfully compact Agastache. Like the others in the KUDOS™ Series, this plant is hardy to Zone 5 and is naturally resistant to downy mildew.	Full Sun	24" h x 24" w	Yellow	June-September
Ajuga reptans 'Blueberry Muffin'	Bugleweed	An extremely vigorous small-leaved groundcover with dark new leaves and blueberry-blue flowers on eight inch spikes. A much faster and stronger grower than A. 'Chocolate Chip'. Leaves are thicker and more weather resistant.	Full Sun to Part Shade	6-10" h x 18" w	Blue	June-July
Ajuga r. 'Bronze Beauty'	Bugleweed	Attractive and vigorous bronze foliage ground cover with deep blue flower spikes.	Full Sun to Part Shade	8" h x 12-18" w	Violet	May-June
Ajuga r. 'Caitlin's Giant'	Bugleweed	A larger form with flowers reaching 6" with purple and green leaves. Tends to form clumps first, then spreads into a dense groundcover once it gets established. Evergreen.	Full Sun to Part Shade	6" h x 10" w	Purple	April-May
Ajuga r. 'Pink Elf'	Bugleweed	Stout spikes of mauve flowers in spring with some repeats in autumn. Thick matting groundcover that suppresses weeds and carpets the ground with deep green leaves. Ideal under trees and shrubs to carpet out weeds, as grows in sun or shade, wet or dry. Neglect proof and easy. Frost hardy.	Full Sun to Full Shade	6" h x 12" w	Pink	April-May
Ajuga r. 'Sparkler'	Bugleweed	A sparkly new variegated Ajuga. 'Sparkler' has thick, dark green, shiny foliage covered in creamy-white splashes that light up the floor of a garden like nothing else. Come winter, the variegated foliage takes on amazing pink tones. Warm weather with new growth brings out even more variegation. A good accent in containers, as a ground-cover or as an edging for the border. Small blue flowers.	Part Shade to Full Shade	3" h x 14" w	Blue	April-May
Allium caeruleum	Ornamental Onion	RHS Award of Garden Merit. 'The blue of the heavens.' 1 1/2", sky blue, round flower heads in June. Plant in the rock garden or among perennials; may experience summer dormancy.	Full Sun to Part Shade	12-15" h x 12" w	Blue	May-June
Allium 'Millenium'	Ornamental Onion	Compact upright clump of glossy, thick, green leaves with 5cm (2") rose-purple ball clusters appearing just above the foliage on strong stems in mid to late summer. Easy to grow. Leaves have a slight onion smell when crushed. Flowers are attractive to butterflies.	Full Sun to Part Shade	20" h x 14" w	Pink	May-June
Allium senescens 'Blue Eddy'	Ornamental Onion	This selection was named for its attractive, pinwheel-like rosettes of blue-grey to grey-green foliage which resemble "small swirling eddies of water". It forms a very compact clump of strongly swirling leaves which range a bit in color depending on the season and sunlight.	Full Sun to Part Shade	8-12" h x 8-12" w	Pink	September-October
Amsonia 'Blue Ice'	Blue Star	Clusters of plump navy blue buds open to large, vivid periwinkle blue, star-shaped flowers. Broader, bright green leaves turn yellow in fall and form a compact clump.	Full Sun	12-16" h x 24" w	Blue	May-June
Amsonia hubrichtii	Blue Star	A southern native with very narrow, needle-like leaves that line the stems like bottle brushes. Produces 2-3" clusters of small, light blue, star-shaped flowers. Valued for its golden-yellow fall color.	Full Sun	36" h x 24-36" w	Blue	May-June
Anemone Levelli	Anemone	Delicate white flowers appear in late spring and early summer, the backside of each petal flushed with mauve. Foliage is deeply divided, forming a low mound.	Part Shade	12-18" h x 18" w	White	May-June
Aquilegia x hybrida 'Songbird Blue Jay'	Columbine	Free-flowering, medium-compact plants have eye-catching, 1.5 to 3.5-in. blooms in true, nonfading colours in late Spring and early Summer. Large, light blue and white flowers. 11 in. tall.	Full Sun to Part Shade	11-18" h x 10-14" w	Lt Blue	May
Aquilegia x hybrida 'Songbird Goldfinch'	Columbine	Upward facing large primrose yellow blooms above compact, fern-like gray-green foliage. This free-flowering perennial is especially lovely when allowed to naturalize in shady, woodland borders. An excellent cut flower, lasting up to two weeks in a vase.	Full Sun to Part Shade	12-18" h x 12-16" w	Yellow	May
Aralia cordata	Japanese Spikenard	Shade, forms a dazzling 3' tall x 3' wide clump that emerges in mid-spring with bright gold compound leaves. With a few hours of sun, the foliage remains bright gold through the summer, at which time the clumps are topped with 2' tall spikes of tiny white flowers followed by black fruit.	Part Shade	24-36" h x 30-36" w	White	August
Armeria s. 'Ballerina Red'	Common Thrift or Sea Pink's	With larger, longer-lasting flowers this Thrift is a low-maintenance pleasure for sunny to lightly shaded gardens. The 1-inch pompons of deepest red make stellar fresh or dried cut-flowers, and if deadheaded promptly after its heavy spring bloom, this plant will repeat intermittently all summer.	Full Sun	12-14" h x 12-16" w	Red	April-May
Armeria s. 'Splendens'	Common Thrift or Sea Pink's	Rose -pink flowers appear in late spring over deep green grassy foliage. Native to coastlines where few other plants can handle the high salt concentration.	Full Sun	6-8" h x 12" w	Pink	May-June
Asarum splendens	Wild Ginger	It forms a clump of arrowhead-shaped leaves, dark green with handsome silver markings, similar to a Cyclamen. Deep purple-brown flowers hide among the leaves in spring. Evergreen in mild winter regions.	Full Shade to Part Shade	6-8" h x 8-12" w	Brown	April-May
Asclepias i. 'Cinderella'	Swamp Milkweed	A hassle-free perennial offering three months of vanilla scented, rose-pink flowers in 3-4", compact clusters followed by typical milkweed seed pods. Clump former and spreads by rhizomes. Non-invasive	Full Sun to Part Shade	3-5' h x 2' w	Pink	July-September
Asclepias i. 'Ice Ballet'	Swamp Milkweed	A marvelous long-blooming selection with clear white flowers and dark green foliage make the colors of the hundreds of visiting butterflies glisten in the sunlight.	Full Sun	3-4' h x 18-24" w	White	July-September
Asclepias tuberosa	Swamp Milkweed	One of the most striking of all wildflowers, the brilliant orange flowers of the Butterflyweed appear in mid-summer and are a real magnet for butterflies.	Full Sun	24-28" h w 12-18" w	Orange	July-September
Astilbe a. 'Snowdrift'	False Spirea	A classic white Astilbe with wide, diamond-shaped plumes. The shiny, green leaves remain attractive even when the plant is not in bloom.	Full Shade	24" h x 24" w	White	June-July
Astilbe c. Amber Moon	False Spirea	This Chinese Astilbe hybrid is enchanting all season long! The lacy foliage comes on in spring chartreuse with a tinge of red. The leaves are bright notes against the darker greens of most garden plants. In midsummer the flowers arrive-rosy pink panicles borne on long, upright red stems.	Full Shade	24" h x 24" w	Pink	June-July

Astilbe c. 'Little Visions in Pink'	False Spirea	Perfectly sized for containers or the border's edge. Fuzzy, pyramidal shaped, rose pink plumes are presented atop the clump of dark green foliage.	Full Shade	14-16" h x 20" w	Pink	June-July
Astilbe c. 'Visions in Red'	False Spirea	Deep red buds open to pinkish-red flowers on dense, fuzzy plumes. Red stems and bronze-green foliage enhance the vibrant blossoms. Forms a robust clump.	Full Shade to Part Shade	15" h x 18" w	Red	June-July
Astilbe j. 'Peach Blossoms'	False Spirea	Delicate peach flowers with a hint of pink. Full plumes lend a frothy appearance to the clump. Glossy, green foliage.	Full Shade to Part Shade	24" h x 24" w	Peach	June-July
Athyrium n. 'Pictum'	Japanese Painted Fern	The fronds are colorful, soft, gray-red with green flushed fronts. The unique color and texture of this fern makes it a great addition to the shade border.	Full Shade to Part Shade	18" h x 12-18" w		
Athyrium n. 'Lady in Red'	Lady Fern	Strong-growing and dependable, the lady ferns are great garden plants. This selection features red stems, making it a great choice to combine with purple-leaved plants. Tough and easy to grow, this beauty is the right choice for perennial borders and woodlands alike.	Full Shade to Part Shade	18-30" h x 18-24" w		
Baptisia australis	Wild Blue Indigo	Long-lived, blue, lupine-like flowers with blue-green foliage that holds up great through the season. Black seed pods form in fall to make great winter interest or cutting for dried floral arrangements. This plant will take three years to reach its potential so be patient; it also resents being moved.	Full Sun	3' h x 3' w	Blue	May-June
Baptisia 'DECADENCE Lemon Meringue'	Wild Blue Indigo	Impressive vigor compared to other yellow Baptisia. Forms an upright, vase shaped mound of attractive blue-green foliage topped with long, charcoal stems carrying charcoal buds and lemon yellow flowers.	Full Sun	36" h x 24" w	Yellow	May-June
Bergenia c. 'Sakura'	Pig Squeak	These pink semi double flowers reminded us of cherry blossoms and "Sakura" means "cherry blossoms" in Japanese. DRAGONFLY™ 'Sakura' has a compact habit like B. 'Pink Dragonfly' but with double to semi-double pink flowers. Besides the lovely double pink flowers in spring, it is evergreen with purple black winter leaves.	Full Sun to Part Shade	10" h x 12" w	Pink	March-April
Bergenia c. 'Winter Glow'	Pig Squeak	Shiny, evergreen, cabbage-like leaves with a unique leathery appearance. Turns reddish-bronze in fall and winter. Bright pinkish-red flowers in clusters on thick stems. A durable groundcover. Over the winter the foliage will remain healthy and burn free although brushed with color highlights. A winter mulch is suggested for all varieties.	Full Shade to Part Shade	12-15" h x 12-18" w	Purple	April-May
Brunnera m. 'Alexander's Great'	Siberian Bugloss	These gigantic plants have heavily silvered leaves and make a dramatic statement in the landscape or use as a dynamic specimen in a container.	Full Shade to Part Shade	14" h x 30" w	Blue	April-May
Brunnera m. 'Jack Frost'	Siberian Bugloss	A stunning perennial for the shade. Silver, heart-shaped leaves with prominent green veins form a rounded clump. Blue forget-me-not like flowers in spring.	Full Shade to Part Shade	12-15" h x 18" w	Blue	April-May
Buddleia d. 'Black Knight'	Butterfly Bush	Spectacular summer color from dark, violet-purple flower spikes. Fragrant flowers attract wildlife. Good background or accent plant. Deciduous. Slightly hardier than other varieties, but may die to ground in cold winter areas, emerging vigorously in spring.	Full Sun	6-8' h x 4-6' w	Purple	July-September
Buddleia d. 'First Edition Funky Fushia'	Butterfly Bush	With a rounded to upright, tidy habit, Funky Fuchsia boasts dark green foliage and rich reddish-pink flowers that are fragrant, upright and non-sterile. This Butterfly Bush blooms into fall if deadheaded and is easily rejuvenated by pruning back to 12" tall.	Full Sun	6-8' h x 6-8' w	Dk Pink	June-September
Buddleia d. 'Glass Slippers'	Butterfly Bush	Glass Slippers' grows in a low, spreading mound that s great for filling up large tracts of the border or foundation with color. The fragrant, butterfly-attracting blooms come on over a very long season, with secondary flowers appearing on the stems to keep the colorshow going on well into autumn!	Full Sun	3' h x 5' w	Blue	July-September
Buddleia d. 'Humdinger Little Nugget'	Butterfly Bush	Brilliant gold foliage and its contrasting magenta purple flowers will deepen to blue-purple will age and will appear earlier in the season than the typical Butterfly Bush. The low, wide habit is perfect for fitting into your sunny garden.	Full Sun	3' h x 4' w	Purple	July-September
Buddleia d. 'Lo & Behold Blue Chip Jr'	Butterfly Bush	A dwarf, slightly spreading habit with rich lavender blue flowers fragrant flowers provide color from summer until frost, without deadheading! 'Blue Chip Jr.' is a drought tolerant and deer resistant garden plant.	Full Sun	1-2' h x 1-2' w	Blue	July-September
Buddleia d. 'Queen of Hearts'	Butterfly Bush	In addition to its heavy flower production, this plant is also quite short and compact, forming a full, rounded clump that is just a bit wider than it is tall. It is the perfect plant for adding a hot splash of color to the landscape late in the season.	Full Sun	3' h x 4' w	Pink	July-September
Campanula poscharskyana	Serbian Bellflower	This plant has star-shaped, pale-blue flowers. It is a good, low-growing perennial for the edge of the shade border	Full Sun to Part Shade	6-8" h x 12" w	Blue	May-June
Campanula p. 'Purple Sensation'	Siberian Bellflower	Very dark purple flowers opening from near-black buds. Compact plants with a good branching habit	Full Sun to Part Shade	14-16" h x 14-16" w	Purple	May-June
Caryopteris c. 'Sapphire Surf'	Blue Mist Shrub	When in bloom, lovely dark blue flowers completely cover this low mounded shrub. Numerous inflorescences appear along the side of the plant thus enhancing the entire floral effect. Dazzling blooms and compact growth make this especially suitable for mass plantings or mixed into the perennial border as a charming accent plant.	Full Sun	24" h x 24-30" w	Blue	July-September
Ceratostigma plumbaginoides	Leadwort or Plumbago	Good ground cover, especially over bulbs as it awakens late spring. In late summer the brilliant blue blooms are captivating. Deep green foliage turns to red hues in fall. This plant would benefit from a winter mulch.	Full Sun to Part Shade	18-24" h x 12" w	Blue	September-October
Cimicifuga r. 'Pink Spike'	Bugbane	Noted for its bronze-purple foliage and late summer spikes of fragrant, pale pink flowers. The elongated, bottlebrush-like flower spikes are typically in bloom from late summer into fall atop dark upright stems.	Full Shade to Part Shade	2-4' h x 1-2' w	Pink	August-September
Cimicifuga s. 'White Pearl'	Bugbane	Pure white, very fragrant flowers appear in late summer to early fall make this beautiful garden selection.	Full Shade to Part Shade	36" h x 36" w	White	August-September
Convallaria m. 'Prolificans'	Lily of the Valley	Sought-after, double-flowered form. Fragrant! White, waxy, bell-shaped flowers on arching stems. Upright, elliptical foliage plants are useful as groundcover.	Full Shade to Part Shade	4-6" h x 8-10"	White	April
Convallaria m. 'Rosea'	Lily of the Valley	This is a delightful and rather rare variation on an old-fashioned favourite. Plants form a clump of large green leaves, bearing short spikes of fragrant baby-pink bells in late spring.	Full Shade to Part Shade	4-6" h x 12-18" w	Pink	April
Coreopsis 'Big Bang Star Cluster'	Tickseed	Star Cluster produces star studded white blossoms all summer long. Flowers continue to bloom into the fall, developing a purple eye at the base of each petal, and finally an edge of purple to the petals as the weather cools. Very easy to grow.	Full Sun	15-18" h x 15-18" w	White	June-September
Coreopsis 'L'il Bang Red Elf'	Tickseed	Very large, rich red flowers. Dwarf, mounded habit. Long blooming.	Full Sun	12" h x 20" w	Red	June-September
Coreopsis g. 'Jethro Tull'	Tickseed	Golden-yellow flowers adorn this floriferous perennials in late spring and summer. Thick green foliage.	Full Sun	18" h x 24" w	Yellow	June-July

Coreopsis v. 'Curry Up'	Tickseed	This Coreopsis has a bold and vibrant color that will catch your eye from a distance. 1 ½" wide, golden yellow flowers with clear, dark red eyes have wider petals. The rounded, compact habit has excellent flower coverage, looking like a blanket of flowers. Bright green, threadleaf foliage.	Full Sun	15-18" h x 20-24" w	Yellow	May-September
Coreopsis v. 'Rt. 66'	Tickseed	Large 2", yellow flowers with a blood-red eye top well-branched, upright plants for midsummer. In fall, the red pigment bleeds out onto the petals, becoming the dominant color. A great new addition to any garden.	Full Sun	24-28" h x 24" w	Yellow	May-September
Delosperma c. 'Garnet'	Hardy Ice Plant	Delosperma Jewel of the Desert 'Garnet' is dwarf hybrid Ice plant with a profusion of eye catching, dime sized flowers of scarlet and lavender. Drought resistant/drought tolerant plant.	Full Sun	4-6" h x 15-20" w	Red	June-August
Delosperma c. 'Periodot'	Hardy Ice Plant	Enjoy three seasons of neon-bright color from this hardy, sun-loving succulent. Exceptionally drought, heat and humidity tolerant. Forms a lush, ground hugging mat, good for mass planting and erosion control in lean, poor soils. Non-invasive. Great container or rock garden accent. Evergreen.	Full Sun	4-6" h x 15-20" w	Yellow	June-August
Delosperma c. 'Ruby'	Hardy Ice Plant	As long as the sun is out, this sturdy little perennial will shine! Bright, multi-colored flowers are fringed with ruby red tips. Forms a dense, weed-smothering mat, perfect as ground cover or accent for rock garden or containers. Hardy and adaptable, yet non-invasive.	Full Sun	4-6" h x 15-20" w	Multi	June-August
Delphinium e. 'Million Dollar Blue'	Delphinium-Hybrid Bee	Large spikes of semi-double true blue flowers. Strong stems carry the blossoms above the dark green deeply dissected foliage in early summer and then again in late summer to early fall. Very heat tolerant and cold hardy to zone 3.	Full Sun to Part Shade	30-36" h x 18-24" w	Blue	May-August
Dianthus 'Cocunt Punch'	Cheddar Pinks	Large, fragrant, double blossoms open deep red with white markings in the center of each petal. As they mature, this white expands and red lightens, leaving a wine colored ring around each petal. Grey-green, grassy foliage.	Full Sun	12" h x 8-12" w	Red	May-September
Dianthus 'Neon Star'	Cheddar Pinks	Incredibly vibrant pink flowers with a spicy clove-like fragrance cover the compact mound of evergreen, glaucous blue-grey leaves in early summer. Often reblooms in early fall.	Full Sun	7" h x 12" w	Pink	May-September
Dianthus 'Tiny Rubies'	Cheddar Pinks	This compact selection is especially popular as an edging plant, or in the rock garden. It forms a low cushion of olive-green leaves, bearing masses of small, fragrant double rose-pink flowers in late spring. Drought tolerant once established.	Full Sun	2-4" h x 8-12" w	Pink	May-June
Dicentra 'Burning Hearts'	Bleeding Heart	Absolutely fantastic! Striking rose-red, heart-shaped flowers with a white edge are produced all season atop a compact mound of lovely blue-gray, finely textured foliage. Does not go summer dormant if given adequate moisture.	Full Shade to Part Shade	10-12" h x 12" w	Red	May-August
Disporum flavens	Fairy Bells	Lance-shaped leaves with drooping, tubular, soft yellow flowers that appear in small clusters at the stem ends in April. Flowers give way to black berries that ripen in late summer. Foliage will sometimes turn an attractive yellow in fall, particularly in climates with cool summer temperatures.	Full Shade to Part Shade	24-30" h x 8-12" w	Yellow	April
Dodecatheon meadia	Shooting Star	The delicate nodding blooms of white-to-pink petals seem to fly upward and away from the pointed red and yellow flower center, resembling a shooting star. Leafless flower stalks arise from a lush foliage base – creating the perfect backdrop for these exquisite flowers.	Full Sun to Part Shade	8-18" h x 8-12" w	White	April-May
Dryopteris e. 'Brilliance'	Brilliance Autumn Fern	Lustrous young orange fronds light up against the glossy, deeper green coloring of the mature fronds. Best leaf color is achieved in part sun. Tolerates a wide range of growing conditions once established.	Full Shade to Part Shade	2' h x 2' w		
Echinacea 'Aloha'	Coneflower	Wide, melon-yellow petals surround orange cones on this summer to frost bloomer. A very welcoming and elegant plant that greets you with its fragrance and beauty. A standout in our garden.	Full Sun	22-32" h x 28" w	Yellow	June-September
Echinacea 'Amazing Dream'	Coneflower	'Amazing Dream' is a dream in the landscape with its compact habit, amazing number of flowers, and long season of bloom. Flowers are deep pink.	Full Sun	16-24" h x 20" w	Pink	June-September
Echinacea 'Firebird'	Coneflower	Sometimes it comes all together in an Echinacea - wonderful habit, compact size, and charming, red shuttlecock-shaped flowers that look like they want to fly away! Dark cones add to the appeal of this wonder. Attracts butterflies in summer and seed hunting birds in the fall.	Full Sun	18-25" h x 22" w	Red	July-September
Echinacea 'Glowing Dream'	Coneflower	A hybrid Coneflower, glowing watermelon-pink petals surrounding a large, orange-brown cone. Fragrant. Lots of blooms over a long season. Plant habit is compact and well-branched. Ideal for sunny borders and growing in mixed containers. Attractive to butterflies.	Full Sun	16-23" h x 18-20" w	Pink	June-September
Echinacea 'Julia'	Coneflower	This Coneflower features large, fragrant, tangerine petals surrounding a prominent deep copper cone and because of its colour, was named after a European butterfly by the same name. Long blooming. Plant habit is well-branched, strong and bushy.	Full Sun	18" h x 16" w	Orange	July-September
Echinacea 'Now Cheesier'	Coneflower	This deep, golden yellow Echinacea has melting cheddar blooms that lighten slightly after weeks of heat. Blooms all summer from well branched stems.	Full Sun	26" h x 24" w	Yellow	July-September
Echinacea 'PowWow White'	Coneflower	Big, pure white flowers with yellow-gold centers brighten the garden from early summer to fall. Forms a neat, compact mound with sturdy upright stems that need no deadheading. Perfect for beds, mixed borders and containers. Drought tolerant once established.	Full Sun	20" h x 18" w	White	June-August
Echinacea 'Ruby Giant'	Coneflower	Strong flower stems boast huge 5" wide fragrant blooms. This clonal selection has a double row of petals held horizontally for maximal impact. Blooms all summer into fall.	Full Sun	20-36" h x 26" w	Red	July-September
Echinacea 'Supreme Cantaloupe'	Coneflower	Absolutely the color of a ripe cantaloupe! Young flowers look like a brown eyed, double Gerbera and are excellent as a cut flower. As the flowers expand, they take on a more "Echinacea-like" look and last and last and last. There is no other Echinacea like this on the market.	Full Sun	26-29" h x 15" w	Orange	July-October
Epimedium x rubrum	Red Barrenwort	In this selection, plants form a bushy mound of dark green leaves, bearing sprays of cherry-red flowers in mid to late spring.	Full Shade to Part Shade	8-12" h x 12-18" w	Red	April-May
Epimedium x 'Fire Dragon'	Red Barrenwort	Extraordinary color combination of yellow and light-purple flowers over green foliage.	Full Shade to Part Shade	14" h x 12" w	Pink/Yellow	May-June
Eupatorium d. 'Baby Joe'	Joe-Pye Weed	It forms a bushy upright mound of coarse dark-green leaves, bearing large umbrella-like heads of magenta-pink flowers in late summer. A magnet to butterflies, suitable for planting in moist to wet areas.	Full Sun	30" h x 36" w	Pink	August-September
Eupatorium f. 'Capri'	Joe-Pye Weed	This dwarf variegated Eupatorium plays well with others in containers and in the garden. Frilled, feather-like foliage is emerald green, lined and edged with soft cream and kissed with pink and rose. Tiny, lavender pink flowers come mid-summer and make butterflies very happy!	Full Sun to Part Shade	21-24" h x 18" w	Pink	September-October
Euphorbia 'First Blush'	Cushion Spurge	Yellow flowers with chartreuse bracts at the ends of the stems from mid to late spring. Narrow leaves emerge rose in spring, turning green in color with showy white variegation and tinges of pink. Foliage turns a gorgeous brick red in the fall.	Full Sun to Part Shade	12" h x 18" w	Yellow	April

Euphorbia p. 'Bonfire'	Cushion Spurge	Foliage begins green, quickly changing to deep maroon red. Flower heads have bright yellow bracts in spring and are particularly showy against the dark leaves.	Full Sun to Part Shade	12' H x 18" W	Yellow	April
Filipendula 'Red Umbrella'	Meadow Sweet	A hybrid Filipendula, compact, maple-shaped green leaves with red veining and umbels of pink flowers.	Full Sun to Part Shade	24-30"h x 18-24"w	Pink	June-July
Gaillardia a. 'Arizona Sun'	Blanket Flower	Large fiery orange red blossoms of Arizona Sun are tipped by a ring of rich flame yellow. Forms a neat mound of lance shaped, grayish-green leaves. Near end of season, leave spent flower heads for seed to attract goldfinches.	Full Sun	8-10"h x 10"w	Red/Yellow	May-August
Gaillardia x g. 'Solar Flare'	Blanket Flower	Bicolor gold and red trumpets herald Gaillardia 'Sun Flare'. The habit is very compact and a bit silvered. This drought-tolerant plant is a stunner in the border or in mixed low maintenance containers. Beautiful contrasting red eye and cute fuzzy seed heads at the end of summer.	Full Sun	8-10"h x 20"w	Red/Yellow	May-October
Gaura l. 'Whirling Butterflies'	Wandflower	Airy panicles of white flowers like tiny butterflies emerge from pink buds, dancing on slender stems all season long. Blooms age to rosy-pink.	Full Sun	24-36" h x 24-36" w	White	July-September
Gentiana septemfida var. lagodechiana	Gentian	RHS Award of Garden Merit. Intense blue flowers on this easily grown, fall blooming Gentian from Asia Minor. For border, rock, and wild gardens.	Full Sun to Part Shade	6-10" h x 10" w	Blue	June-September
Geranium 'Blue Sunrise'	Cranesbill	Compact variety with silver-blue flowers. Young foliage is orange and then yellow before turning green. Very long blooming - until frost.	Full Sun	16" h x 20" w	Blue	May-August
Geranium 'Perfect Storm'	Cranesbill	A dwarf type of Cranesbill Geranium ideal for use in a sunny or part shaded border, for edging, containers or in the rock garden. It forms a low, bushy mound of velvety grey-green leaves, bearing a long display of small cup-shaped magenta-pink flowers with a contrasting black eye.	Full Sun	12" h x 20" w	Purple	May-June
Geranium 'Rozanne'	Cranesbill	Huge, glowing violet blue, saucer-shaped flowers with distinctive white eyes and reddish-purple veining are held above mounds of deep green foliage that is slightly marbled with chartreuse.	Full Sun to Part Shade	18-20"h x 24-36"w	Purple	May-September
Geranium sanguineum	Cranesbill	Beautiful fuchsia-pink blooms appear in early to mid summer and great fall foliage color.	Full Sun	10" h x 12" w	Pink	June-July
Geranium w. 'Rise and Shine'	Cranesbill	Lilac blue flowers with white center surrounded by a dark ring. Blooms until frost.	Full Sun to Part Shade	6-8"h x 8" w	Lavender	May-July
Geranium x c. 'Melody'	Cranesbill	Large cup shaped brick red flowers. A distinct colour break. Flowers in summer. Ideal for a container or rock garden.	Full Sun to Part Shade	6" h x 12"	Red	May-July
Geranium x. m. 'Blue Blood'	Cranesbill	Very deep purple-blue flowers with even darker veins. One of the darkest large-flowering Geraniums.	Full Sun	16" h x 16" w	Blue	May-July
Geum f. 'Blazing Sunset'	Aven	Fully double, scarlet-red flowers up to 50% larger than other varieties are produced over a long period beginning in late spring. Lovely in flower borders and fresh bouquets. Deer resistant and attracts butterflies	Full Sun	24" h x 20" w	Red	May-July
Geum f. Double Sunrise	Aven	Gorgeous, double yellow blooms, which rise above clumps of foliage on thin, wiry stems are free-flowering on this tough and reliable addition to perennial borders where it will bloom non-stop from early summer right through until early autumn.	Full Sun	20" h x 18" w	Yellow	May-August
Geum f. 'Fire Storm'	Aven	This vigorous, compact and long blooming plant is easy to grow in almost any garden. Sensational!	Full Sun	12-14" h x 16-18" w	Orange	May-August
Hedera h. 'Thorndale'	Hardy Ivy	The classic American groundcover. A low-maintenance, evergreen vine. Leaves are deep forest green with a pronounced central lobe and creamy white veins. A clinging vine that climbs by means of tiny sticky suckers.	Full Sun to Full Shade	6" h x 12" w		
Helenium 'Double Trouble'	Sneezeweed	The first double-flowered Helenium produces sunny yellow, double blooms on very strong stems. Long bloomer.	Full Sun	32" h x 16" w	Yellow	July-September
Helenium 'Hot Lava'	Sneezeweed	Impressive large, disc-shaped bi-colour flowers. Blooms have non-drooping petals. Plants have thick, sturdy stems.	Full Sun	32" h x 16" w	Red	July-September
Helenium 'Ruby Charm'	Sneezeweed	Very compact This new introduction might just be the most compact and darkest red Helenium on the market today. Sure to be an absolute winner and eye-catcher in your garden!	Full Sun	24" h x 10" w	Red	July-September
Helleborus 'Amber Gem'	Lenten Rose	A double apricot dream! Blooms are yellow infused and blushed with red like a ripe apricot. Perhaps the rarest of colors in Hellebores. A delight in the winter garden. Deer resistant!	Full Sun to Full Shade	12-14"h x 24"w	Apricot	March-May
Helleborus 'Peppermint Ice'	Lenten Rose	These large, double, pink picotees are so sweet! Flowers are a fluffy, light pink with a rim of darker pink edging. Dark pink on the back of the tepals adds to the appeal. Shade tolerant and deer resistant!	Full Sun to Full Shade	12-14"h x 24"w	Pink	March-May
Hemerocallis 'Always Afternoon'	Daylily	Dusky rose self with a striking plum-purple eyezone and a green throat. Petals are crimped with thin buff pink edges, sepals have smooth borders. A reblooming tetraploid that grows equally well in the north and south. Foliage stays nice all season.	Full Sun to Part Shade	22" h x 18" w	Pink	July-October
Hemerocallis 'Bela Lugosi'	Daylily	Widely regarded as one of the best purple daylilies on the market. Outstanding saturated true purple blooms with a lime-green throat. Very sunfast for such a dark color. A strong grower, well-branched, and heavily budded.	Full Sun to Part Shade	33" h x 26" w	Purple	July
Hemerocallis 'Bestseller'	Daylily	A compact, extra-fancy daylily that's perfect for perennial gardens and containers. The flowers have wide, lavender-pink petals trimmed with yellow ruffles, and are lit up by a glowing yellow-green throat. Blooms midseason and reblooms on and off right until frost.	Full Sun to Part Shade	24" h x 18" w	Purple	July-October
Hemerocallis 'Blackthorne'	Daylily	Large flowers featuring a broad eyezone and ruffled petal edges. Reliable repeat bloomer of rich cream flowers. Semi-evergreen.	Full Sun to Part Shade	24" h x 18-24" w	Cream	July-October
Hemerocallis 'Cheese & Wine'	Daylily	Tetraploid. This fragrant gem is a lovely combination of all things decadent. The deep orchid-mauve petals have a lighter orchid halo and a creamy-cheese colored center. The ruffled blooms are 5 inches across and have good presence in the landscape.	Full Sun to Part Shade	24" h x 36" w	Purple	July
Hemerocallis 'Happy Returns'	Daylily	This dwarf variety has medium-sized (3 inch) blooms in a lovely soft-yellow shade that blends with anything. Flowering continues constantly from May to frost. Diploid.	Full Sun to Part Shade	14-16"h x 18-23"w	Yellow	May-October
Hemerocallis 'Purple d'Oro'	Daylily	Miniature daylily with medium purple flowers and a compact growth habit. Petals have narrow pie crust edges, dark purple veining, and paler purple midribs. Bright yellow throat. Blooms nearly all summer!	Full Sun to Part Shade	20" h x 24" w	Purple	June-September
Hemerocallis 'Raspberry Suede'	Daylily	Impressive rich raspberry-red flowers, super saturated like raspberry syrup, are quite sunfast for such a dark color. Aptly named, they have an unusually smooth, velvety texture like suede. Well budded.	Full Sun to Part Shade	28" h x 18" w	Pink	July
Hemerocalli 'Seal of Approval'	Daylily	Lovely cream bloom with lavender pink partial edge. Slightly ruffled. Standout yellow throat, mid-season rebloomer.	Full Sun to Part Shade	30" h x 24" w	Cream	July-September
Hemerocallis 'Stella d'Oro'	Daylily	Our best selling dwarf daylily; exciting, everblooming, gold miniature blooms. Everblooming	Full Sun to Part Shade	12" h x 18" w	Yellow	June-September
Hemerocallis 'Sun Dried Tomatoes'	Daylily	Large, rich red, sunfast, shimmering diamond dusted flowers have a golden green throat and perfect pie crust ruffled petals. Heavily budded, thick scapes carry loads of blossoms for many weeks.	Full Sun to Part Shade	32-36" h x 20" w	Red	July-September

Heuchera 'Blondie in Lime'	Coral Bells	'Blondie in Lime' has lime green leaves and yellow green flowers blooming continuously all spring, summer, and fall. This mutation out of 'Blondie' is as cute and tough as the original.	Full Shade to Part Shade	5-9" h x 8" w	Green	April-October
Heuchera 'Champagne'	Coral Bells	This is a stunning plant with medium size leaves changing from peach to gold to champagne-gold with a strong white veil overall. Free-flowering maroon stems with light peach flowers most of the season.	Full Shade to Part Shade	11" h x 14" w	Yellow	May-October
Heuchera 'Cherry Cola'	Coral Bells	This striking and petite variety looks great at the front of the perennial border with its striking red-brown and awesome blooms of cherry red with pink shades.	Full Shade to Part Shade	6" h x 12" w	Pink	June-July
Heuchera 'Electric Lime'	Coral Bells	This large mounding Heuchera has large lime green leaves that develop red veins in cool temperatures. It forms a large mound and has the bonus of attractive spikes of densely packed, white flowers. The strong H. villosa and H. americana parentage gives it heat and humidity tolerance.	Full Shae to Part Shade	12-16" h x 28" w	White	May-June
Heuchera 'Fire Alarm'	Coral Bells	Super vigorous, thick, leathery red, red leaves pile up into delightful mound. 'Fire Alarm' changes colors throughout the season and complements almost every section of the color palette.	Full Shade to Part Shade	9" h x 14" w	White	June-July
Heuchera 'Glitter'	Coral Bells	Bright silver foliage with contrasting black veins that really sparkle. The soft violet leaf back is as pretty as the top, but is rarely seen due to the ultra-neat habit of the plant. Fantastic bouquet-type flowers of exotic fuchsia-pink.	Full Shade to Part Shade	10-16" h x 14" w	Pink	June-September
Heuchera 'Grape Expectaions'	Coral Bells	Striking grape-purple foliage with darker veining and white blooms. A villosa hybrid, with the expected reliability and heat tolerance. A very vibrant clump, compact and robust.	Full Shade to Part Shade	10-12" h x 20-24" w	White	May-June
Heuchera 'Lava Lamp'	Coral Bells	Forms a large, billowy mass of very large, coppery purple leaves with deep purple undersides. The newest leaves emerge a bright copper orange color and then deepen to coppery purple as they age. Deep purple scapes carry plump wands of closely spaced cream flowers in early summer.	Full Shade to Part Shade	16" h x 28" w	Cream	May-June
Heuchera 'Rio'	Coral Bells	A multicolored plant named for a vibrant city. New leaves open peach-amber, change to amber, then to tan and finally to yellow amber. Beautiful, short maroon flower spikes with white flowers. A large and vigorous plant.	Full Shade to Part Shade	9" h x 14" w	White	June-July
Heuchera 'Spellbound'	Coral Bells	Marvelous ruffled foliage of dazzling silvers with tints of rose purple that will leave you spellbound. The purple tones are more prominent in the spring. Silver tones are more prevalent in shade. It forms a big plant with a dense, multicrown habit. Great in containers or in the landscape.	Full Shade to Part Shade	9-16" h x 16" w	White	May-September
Heucherella 'Copper Cascade'	Foamy Bells	This small leaf trailer has lovely refined rosy copper-gold foliage. Very vigorous and easy to grow, combines the best of all Tiarella and Heuchera attributes!	Full Shade to Part Shade	8" h x 32" w	Cream	May-July
Heucherella 'Gold Zebra'	Foamy Bells	A star performer in Oklahoma's hottest summer ever. 'Gold Zebra' is a plant with a twist. Bright yellow, feathery leaves are boldly marked with dark-red. A standout in containers or "Front and Center" of the border. Nice bronzing with frost.	Full Shae to Part Shade	8" h x 15" w	White	June-July
Heucherella 'Solar Eclipse'	Foamy Bells	Leaves of red-brown bordered in lime green combined with a beautiful habit and broadly scalloped leaf lobes. Forming a vigorous mound of dense crowns.	Part Sun to Part Shade	10" h x 16" w	White	May-July
Heucherella 'Twilight'	Foamy Bells	Velvety, charcoal-gray leaves are symmetrically arranged on this low growing, medium broad plant. Almost startling by itself, 'Twilight' will blend with colors like no other plant. love the simplicity that this plant brings to the garden palette.	Full Sun to Full Shade	9" h x 24" w	White	May-August
Hibiscus 'Cherry Cheesecake'	Hardy Hibiscus	Creamy pink buds open to very large 7-8", white flowers with magenta tipped ruffled petals and magenta veining radiating out from the cherry red eye. Relatively compact, well-branched, rounded habit with dark green foliage and buds all the way up to the stems.	Full Sun to Part Shade	4-5' H x 2' w	Pink & White	July-August
Hibiscus 'Midnight Marvel'	Hardy Hibiscus	The darkest Rose Mallow yet--its foliage is even more violet-purple than 'Kopper King'! Deep purple leaves through spring and summer followed by fiery orange in the fall. Deep red blooms from midsummer until frost.	Full Sun to Part Shade	5' h x 6' w	Red	July-August
Hibiscus 'Plum Fantasy'	Hardy Hibiscus	This outstanding selection features puckered and crinkled petals in magenta-red over dark green foliage. Will tolerate average to wet conditions in full sun. Dies back completely to the ground in winter, but new growth is slow to appear in spring, be patient!	Full Sun	4-5'h x 4-5'w	Red	July-August
Hibiscus 'Summer Storm'	Hardy Hibiscus	This new selection forms an upright, bushy mound of dark wine-purple, maple-like foliage which in itself makes a fabulous addition to a sunny border. In midsummer, marvel at the huge pink flowers with rose veining and magenta eye, lasting into early fall. Longer blooming than other varieties. The number of lobes on each leaf increases as the foliage matures. Requires direct sunlight to develop the dark foliage. Attractive to hummingbirds.	Full Sun	4-5'h x 4-5'w	Pink	July-September
Hosta 'Andrew'	Plantain Lily	This medium to large selection has blue-green, rounded leaves with wide, feathery, white centres and green appearing between the blue and white. Leaves are corrugated, puckered, folded and ruffled at the base. Lavender flowers in early to mid summer.	Full Shade to Part Shade	18" h x 30" w	Lavender	June-July
Hosta 'Blue Angel'	Plantain Lily	Very floriferous, white flowers long lasting 44" flower scapes, huge blue-green leaves.	Full Shade to Part Shade	36" h x 36-48" w	White	July
Hosta 'Blue Ivory'	Plantain Lily	Plants have a blue center with wide creamy white margins in the spring. Margins transition to pure white during the summer months. For the best margin color make sure the plants do not become stressed from lack of water.	Full Shade to Part Shade	16" h x 20" w	Lavender	June
Hosta 'Earth Angel'	Plantain Lily	Heart-shaped blue-green leaves are bordered by a creamy white margin. The cream margin gets much wider the older it gets.	Full Shade to Part Shade	26" h x 60" w	Lavender	June
Hosta 'Empress Wu'	Plantain Lily	Huge leaves (about 1.5 feet long) are thick and dark green with deeply impressed veins, forming a strong upright mound habit. It has showy pale reddish violet flowers in early mid-summer. You can use this as a species hosta, conversation piece, a border, or as a background for other plants.	Full Shade to Part Shade	40" h x 72" w	Purple/Red	August-September
Hosta 'Great Expectations'	Plantain Lily	'Great Expectations' is a hosta cultivar that features a mound of large, variegated, oval, puckered, basal leaves with creamy white centers and wide, irregular, blue-green margins. Leaf centers emerge gold in spring before aging to creamy white.	Full Shae to Part Shade	18-36" h x 24-36" w	White	June-July
Hosta 'Guacamole'	Plantain Lily	Features slightly convex, wide oval, chartreuse-gold leaves with irregular darker bluish-green margins. Leaves are glossy above and glaucous below with distinctive veining, mucronate tips and cordate to overlapping leaf bases. Funnel-shaped, highly fragrant, almost white flowers bloom in mid-summer on pale green scapes.	Full Shade to Part Shade	12-18" h x 36-48" w	White	July-August
Hosta 'Hudson Bay'	Plantain Lily	This showy hosta forms a large mound of attractive tricolor leaves of heavy substance. The wide, bright blue margin, apple green jetting, and creamy white center will set this variety apart all season long.	Full Shae to Part Shade	20-24" h x 20-24" w	Lavender	June

Hosta 'Island Breeze'	Plantain Lily	Plants form sturdy mounds of foliage, topped with lily-like blooms. This mid-sized selection has thick leaves with dark green margins and chartreuse centers. Dark lavender flowers appear on red stems in mid summer. Sport of <i>H. 'Paradise Island'</i> . Leaves are thick in substance, so slugs should not be a problem.	Full Shade to Part Shade	12" h x 18" w	Lavender	June
Hosta 'June'	Plantain Lily	Wide, jetting blue-green margins and chartreuse centers in spring. Centers turn gold in summer. Pale lavender-blue flowers.	Full Shade to Part Shade	15" h x 20" w	White	July
Hosta 'Key West'	Plantain Lily	Intense gold, heart-shaped leaves adorn this very large Hosta. Bright filtered shade draws out the gold color. Good grower.	Full Shade to Part Shade	32-38" h x 28" w	Purple	July-August
Hosta 'Liberty'	Plantain Lily	This mid-sized selection has thick leaves of matte green, with a contrasting wide, streaky border of yellow that later changes to creamy white. Early summer flowers are lavender.	Full Shade to Part Shade	18" h x 36" w	Lavender	June
Hosta 'Pure Heart'	Plantain Lily	The cute little plants form a dense clump of thick leaves growing to only 4 inches in height that despite it's size are tough enough to stand up to summer's heat and those annoying slugs. A great addition to the miniature collection.	Full Shade to Part Shade	4" h x 5" w	Lavender	June
Hosta 'Stained Glass'	Plantain Lily	This mid-sized specimen selection has bright golden-yellow leaves with a wide, streaky green margin. Pale lavender flowers appear in August. Some direct sun will bring out the best possible colour.	Full Shade to Part Shade	16-20" h x 36-48"	Lavender	August
Hosta 'Touch of Class'	Plantain Lily	The double-thick leaves is chartreuse-gold, surrounded by a very wide, blue-green border.	Full Shade to Part Shade	12" h x 24" w	Purple	July-August
Hosta 'Victory'	Plantain Lily	Promising substantial impact in shade gardens, this sizeable Hosta boasts pronounced yellow margins on broad, corrugated leaves. Light lavender flowers crown the leaves in summer. Named Hosta of the Year for 2015 by the American Hosta Grower's Association.	Full Shade to Part Shade	30" h x 48" w	Purple	July
Hosta 'Wheee'	Plantain Lily	Cream-colored very ruffled margins extend from the tip of the leaf all the way down the petiole to the crown.	Full Shade to Part Shade	18" h x 36" w	Purple	July
Hosta 'White Feather'	Plantain Lily	White Feather is one of the most unique colored hostas we have ever seen and is creating quiet a buzz with gardeners. The plants emerge snow white and keeps its gorgeous white color through spring then streaks of green start to appear as the season progresses.	Full Shade to Part Shade	18" h x 30" w	Lavender	June-July
Houttuynia c. 'Chameleon'	Chameleon Plant	Heart-shaped leaves splashed with white, pink and vivid red. Small white flowers appear in midsummer. Spreads rapidly via underground runners especially in rich, moist soil. Can be used as a marginal water plant.	Full Sun to Full Shade	6-9" h x 12" w	White	May-June
Iberis s. 'Little Gem'	Candy Tuft	Compact, mounding perennial prized for its spectacular display of white flowers. Use in borders, rock gardens, as a decorative accent or in containers. Plant with spring flowering annuals. Evergreen.	Full Sun to Part Shade	6" h x 10-15" w	White	April-May
Iris g. 'War Chief'	Bearded Iris	Its red, non-fading flowers add a pop of color with its yellow beards. Iris 'War Chief' has fragrant flowers that stand proud above the foliage. Irises are a great addition to any garden or landscape design.	Full Sun to Part Shade	36" h x 24" w	Red	April-May
Iris p. 'Albo Variegated'	Sweet Iris	Also known as the Zebra Iris, it forms a low clump of sword-like leaves, with golden-yellow and grey-green stripes running lengthwise. Fragrant lavender-blue flowers appear in early summer.	Full Sun to Part Shade	24" h x 18" w	Purple	May-June
Iris s. 'Caesar's Brother'	Siberian Iris	Beardless dark purple blooms rise above refined, slender sword-like green foliage. A stand-out in the border when planted in mass. This highly adaptable iris thrives in moist soils, where others will not. Herbaceous perennial.	Full Sun to Part Shade	18" h x 36" w	Purple	May-June
Iris s. 'Gull's Wing'	Siberian Iris	Pristine-white flowers with wide, flaring falls gracefully soar above the arching vase-shaped green blades like a seagull playfully catching the wind currents. Iris Gull's Wing is a great selection for erosion control as the thick roots establish deeply. Foliage retains pleasing blue-green color into the fall.	Full Sun to Part Shade	36" h x 18-24" w	White	May-June
Kniphofia h. 'Fire Dance'	Red Hot Poker Plant/Torch Lily	Shorter variety better suited to smaller city gardens. Coral red and yellow flower spikes are produced atop a low-growing, thick clump of narrow, arching, blue-green foliage. Hardest selection to date.	Full Sun	20" h x 18-24" w	Mix	June-July
Lamium m. 'Beacon Silver'	Spotted Deadnettle	This classic selection forms a spreading patch of small silver leaves with a narrow green edge. Clusters of bright-pink flowers appear in spring, then continue off and on until fall. Fairly tolerant of dry shade, once established.	Full Shade to Part Shade	6-8" h x 12-24" w	Pink	May-September
Lamium m. 'Orchid Frost'	Spotted Deadnettle	Mounds of silvery-green leaves edged with blue-green; vivid, orchid-pink flowers mid spring to summer. Excellent for pots, baskets, or ground cover.	Part Shade to Full Shade	6-12" h x 12" w	Pink	May-September
Lamium m. 'Red Nancy'	Spotted Deadnettle	Nearly all-silver leaves with narrow, blue-green margins are a lovely backdrop for the rose pink, hooded flowers which are produced from mid spring to early summer. This variety is particularly dense and low.	Full Shade to Part Shade	4-8" h x 12-24" w	Pink	May-September
Lavandula a. 'Hidcote Blue'	Lavender	This versatile, fragrant perennial shrub has many uses beyond the herb garden! Deep purple flower spikes above mounds of gray-green foliage provide great color to the front of shrub borders or spotted into the rock garden. Highly effective in mass plantings.	Full Sun	24" h x 36" w	Purple	May-August
Lavandula a. 'Munstead'	Lavender	An evergreen, perennial shrub with compact, mounding, aromatic gray foliage and abundant, fragrant, rich lavender flower spikes. Used in perfumes, sachets, oils and for medicinal purposes. Used to deter insects when placed in a closet or room.	Full Sun	12-18" w x 12-18" w	Purple	May-August
Lavandula x i. 'Phenomenal'	Lavender	Long lavender-purple spikes on vigorous, healthy, uniform mounds of silver foliage. The most heat- and humidity-tolerant variety yet.	Full Sun	24-30" h x 24" w	Purple	May-August
Leucanthemum s. 'Daisy May'	Shasta Daisy	Incredibly impressive, super compact, highly floriferous selection. Single, pure white, daisy like flowers form a solid dome of blooms. Grows 20-24" tall and blooms early into late summer in the Midwest; shorter and longer blooming in warmer zones	Full Sun to Part Shade	12-24" h x 18" w	White	June-August
Leucanthemum s. 'Goldfinch'	Shasta Daisy	Long blooming and compact with semi-double flowers. Charming semi-double flowers, very slowly and gracefully change from bright lemon yellow to an ivory white. Attracts butterflies and excellent cut flower.	Full Sun to Part Shade	12-18" h x 18" w	Yellow	June-August
Leucanthemum s. 'Highland White Dream'	Shasta Daisy	'Highland White Dream' is a shasta daisy cultivar that is noted for its large semi-double blooms with drooping white rays and yellow centers. Multiple flowers per stem. Coarsely-toothed, lance-shaped, medium green leaves. Blooms most of the summer.	Full Sun to Part Shade	36" h x 30" w	White	June-August
Liatris s. 'Floristan White'	Blazing Star	Creamy-white flower spikes in early summer. Very tolerant of heat and drought.	Full Sun to Part Shade	3-4' h x 24" w	White	July-September
Liatris s. 'Kobold'	Blazing Star	This is an excellent species to grow for cut flowers as well as providing a vertical accent in the perennial border; tolerant of hot summers. A native American wildflower excellent for border, meadow or wild garden setting. Spikes of purple flowers from summer into fall atop narrow ribbon foliage.	Full Sun to Part Shade	2-3' h x 24" w	Purple	July-September

Ligularia 'Bottle Rocket'	Ragwort/Senecio	A more compact sport of 'Little Rocket'; delivers excellent garden performance. Perfectly proportional plant forms a dense clump of thicker, serrated green leaves with mustard yellow flower spikes held on chocolate stems just at the top of the foliage. Foliage holds up well in the summer heat. Deer resistant, attracts butterflies, drought tolerant and excellent cut flower	Full Shade to Part Shade	28-34" h x 24" w	Yellow	July-August
Ligularia 'Garden Confetti'	Ragwort/Senecio	Large, heart-shaped, cream colored foliage very liberally sprinkled with lime, pine green and pink, held together with magenta colored veins. As summer progresses, the cream background changes to gold. Hardy, showy, easy.	Full Sun to Part Shade	36" h x 36" w	Yellow	July-August
Ligularia 'King Kong'	Ragwort/Senecio	The thick, wavy leaves are enormous, measuring up to 16" across. They emerge dark purple black, becoming burgundy by the time the yellow-orange flowers appear on purple stems in late summer.	Full Shade to Part Shade	48" h x 48" w	Yellow	July-August
Ligularia 'Osiris Café Noir'	Ragwort/Senecio	Emerges a deep purple-black, passes through shades of bronze, and then matures to an olive green. 'Osiris Café Noir' has thick, leathery leaves with serrated edges. Its yellow flowers are produced in mid to late summer.	Full Shade to Part Shade	24" h x 24" w	Yellow	July-August
Liriope m. 'Big Blue'	Creeping Lily Turf	The most common use of Lily Turf is as a groundcover. It spreads by rhizomes and can quickly crowd out everything including grass and weeds. It is useful for preventing soil erosion or for planting in areas where tree roots are thick. This plant is suitable for dry, sunny areas. Rich blue flowers.	Full Shade to Part Shade	8-12" h x 12" w	Blue	July-August
Lobelia f. 'Grape Knee-Hi'	Cardinal Flower	A true dwarf cardinal flower with grape-purple flowers. 'Grape Knee-Hi' has an upright well-branched habit and it's also sterile which prolongs the bloom time. Loved by hummingbirds and bees.	Full Sun to Part Shade	22" h x 15" w	Purple	June-August
Lobelia f. 'Vulcan Red'	Cardinal Flower	An improvement over 'Queen Victoria'. Forms a much fuller, well-branched, strong stemmed plant with a uniform, upright columnar habit. Deep purple foliage is topped with cardinal red flower spikes. Deer and rabbit resistant. Attracts butterflies & hummingbirds, excellent cut flower and drought tolerant.	Full Shade to Part Shade	24-32" h x 24" w	Red	July-September
Lysimachia n. 'Goldilocks'	Creeping Jenny	This plant has rounded leaves with a vigorous creeping or trailing habit. Prized for its golden foliage, it would appreciate protection from afternoon sun.	Full Shade to Part Shade	2-4" h x 12-18" w		
Matteuccia s.	Ostrich Fern	The fiddleheads will compliment spring bulbs and then the ferns mask the dying bulb foliage. This fern has an upright, vase-shaped habit. The fronds will scorch if the soil becomes dry. Vigorous.	Full Shade to Part Shade	48" h x 18-24" w		
Monarda 'Grape Gumball'	Bee Balm	Fragrant dark green foliage that grows in an upright clump. Beautiful purple blooms that form a dome shape atop the aromatic foliage. Easy Grower! Deer resistant.	Full Sun	24" h x 24" w	Purple	July
Monarda d. 'Pardon My Cerise'	Bee Balm	'Cerise' brings a beautiful new color to the series, with a very rich pink tone that appears to fade to white at the filaments and deepen to red at the centers!	Full Sun	12" h x 10" w	Red	July
Monarda d. 'Pardon My Pink'	Bee Balm	'Pardon My Pink' sets full-size flowers on ultra-compact plants. Measuring 2½ to 3 inches wide, these brilliant pink blooms are magnets for bees, butterflies, and hummingbirds.	Full Sun	12" h x 10" w	Pink	July
Meuhlenbeckia axallaris	Creeping Wire Vine	A low creeping evergreen groundcover, this forms a spreading mat of wiry stems, clothed in tiny rounded leaves with a glossy green finish. Fall and winter colour is an attractive bronze green. Insignificant green flowers become black-seeded white berries in late summer. Great for large areas and stabilizing slopes. Vigorous habit.	Full Sun to Part Shade	2-4" h x 24-30" w	Green	March-May
Mukdenia r. 'Karasuba'	Crimson Fans	A very hardy, deciduous Heuchera relative from China. This form has large maple-like leaves, which emerge green then age, after flowering, to mid green splashed with bright red. Bright red fall color with numerous white flowers in early spring.	Part Shade	12" h x 12" w	White	February-April
Nepeta 'Cat's Meow'	Catmint	Its flowers are dense and colorful, and its habit is more refined. Plus, it stands strong with no flopping, getting wider and growing to a broad mound as the season progresses.	Full Sun	12-18" h x 12-18" w	Blue	April-August
Nepeta 'Pursian Blue'	Catmint	Naturally rounded, this fragrant little plant covers itself in bright blue blooms from the first hint of warm summer weather until autumn arrives.	Full Sun	18" h x 30" w	Blue	May-August
Origanum x. 'Amethyst Falls'	Ornamental Oregano	An outstanding, long blooming selection with amethyst flowers flowing abundantly from ornamental, hops-like cones and attractive, textured, glaucous leaves this drought resistant plant's foliage fills the garden air with its exciting, spicy scent.	Full Sun	8-12" h x 24" w	Pink/Purple	April-June
Pachysandra t. 'Green Carpet'	Japanese Pachysandra	Evergreen ground cover with rich, green, leathery, leaves forming a lush carpet. Spikes of small white flowers are borne at the top of the stems in spring. It is especially valuable in light to deep shade where other plants will not grow.	Full Shade to Part Shade	8" h x 12" w	White	April
Paeonia 'Coral Sunset'	Peony	Peony Coral Sunset buds open up in early spring as deep, rose-coral and slowly fade to yellow as the season progresses. The semi-double blooms are fabulously-fragrant and make gorgeous spring bouquets.	Full Sun	24-28" h x 24" w	Pink	May
Paeonia 'Duchess de Nemours'	Peony	A century-and-a-half after its introduction, this fragrant double remains a standard by which all other white Peonies are judged. Strong stems give the blossoms an aristocratic bearing; a touch of yellow at the base of the dense, ruffled inner petals lights them up with a warm glow.	Full Sun	28-32" h x 32"	White	June
Paeonia 'Morning Kiss'	Peony	Lovely double blooms change from soft pink to white as they mature, filling your space with exceptional beauty and fragrance from late spring to early summer. Drought tolerant variety is ideal for back borders, cutting gardens and mass planting.	Full Sun	30" h x 30" w	Pink	May-June
Paeonia 'Orient Jewel'	Peony	Beautiful deep pink flowers atop sturdy stems. Deer and rabbit resistant.	Full Sun	24-36" h x 30-36" w	Dk. Pink	May-June
Paeonia 'Red Charm'	Peony	Features ruffled, deep red double blooms. Flowers appear in early season. Green foliage is divided into oval to lance-shaped segments. Excellent cut flower.	Full Sun	30-36" h x 30-36" w	Red	May
Paeonia 'Sweet Harmony'	Peony	Paeonia 'Sweet Harmony' has sturdy stems that hold the beautiful pink flowers. It blooms a little later in the season than other peony varieties and lasts a long time in a vase. This is a great choice for its abundance of flowers and outstanding beauty.	Full Sun	36" h x 36" w	Pink	June
Paeonia s. 'High Noon'	Tree Peony	These flowers are as yellow as intense as you might expect from their name, with rosy-red flames at the base of each petal. Measuring 5 inches across, they are fully double and softly rounded	Full Sun to Part Shade	5' H X 4' W	Yellow	May-June
Paeonia s. 'Hoki'	Tree Peony	Bright lipstick red, semi-double blooms in late spring. Bright yellow stamens nicely accent the colorful flowers. Do not cut back in spring	Full Sun to Part Shade	4-5' h x 3' w	Red	May-June
Paeonia s. 'Shimanishiki'	Tree Peony	Upward facing, mildly fragrant, semi-double flowers are purplish-red with prominent white striping. Yellow center stamens provide excellent contrast.	Full Sun to Part Shade	3-4" h x 3-4'	Red/White	May-June
Penstemon b. 'Dark Towers'	Beardtongue	Tremendous improvement over 'Husker Red'. Foliage emerges deep wine-purple and keeps its color through the summer heat. Produces masses of lavender-pink, rather than white, flowers on strong, upright stems.	Full Sun to Part Shade	36-42" h x 24" w	Pink	June-July

Penstemon b. 'Ruby Candles'	Beardtongue	This hybrid selection forms a low clump of green foliage, with upright spikes appearing in early summer. Flowers are intense red trumpets, attractive in the border and useful for cutting. Excellent low-maintenance perennial, especially for hot, dry sites. Attractive to both butterflies and hummingbirds.	Full Sun	12-24" h x 12" w	Red	June-September
Perovski a. 'Denim n Lace'	Russian Sage	The airy, purple-blue blooms, held close together on amethyst calyxes, give the wispy flowers a full appearance. With the bright calyxes, 'Denim 'n Lace' maintains interesting color throughout the season.	Full Sun	32" h x 38" w	Blue	June-September
Phlox p. 'Glamour Girl'	Garden Phlox	This selection produces large, hot coral-pink flower clusters remaining a beautiful shade of light coral-pink as they mature. Attractive to butterflies.	Full Sun to Part Shade	32" h x 24" w	Pink/Orange	July-August
Plox p. 'Nicky	Garden Phlox	Glowing magenta flowers, the darkest of the garden phlox. Flowers appear nearly all summer atop medium green foliage. Mildew resistant.	Full Sun to Part Shade	36" h x 24" w	Purple	July-August
Phlox p. 'Red Riding Hood'	Garden Phlox	Vivid clusters of cherry red flowers sit atop strong stems from mid to late summer. A compact variety which attracts butterflies and humming birds.	Full Sun to Part Shade	22" h x 20" w	Red	July-August
Phlox sto. 'Sherwood Purple'	Creeping Phlox	Masses of purple flowers on 8" plants in spring. A superb native woodland groundcover.	Full Shade to Part Shade	8" h x 12-18" w	Purple	April-May
Phlox sub. 'Crimson Beauty,	Moss Pink	This variety produces a showy display of bright rosy-red flowers and has a medium-fast growth rate. Clip plants lightly immediately after blooming to encourage a dense habit. Wonderful in the sunny rock garden, for edging, or in mixed containers.	Full Sun	2-6" h x 12-18" w	Red	April-May
Phlox sub. 'Violet Pinwheels'	Moss Pink	Woodland Phlox is perfect for a moist shady border, putting on a showy display in early spring when so few other plants are in bloom.	Full Sun to Part Shade	4-6" h x 12-18" w	Purple	April-June
Platycodon 'Astra Blue Double'	Balloon Plant	Fluffy, semi-double blue flowers emerge from unique, balloon shaped buds, adding wonderful color impact throughout summer. This vigorous new dwarf variety has a compact form. Ideal for containers, borders and butterfly gardens.	Full Sun to Part Shade	10" w x 8" w	Blue	July-August
Platycodon 'Astra Pink'	Ballon Plant	Upright mound of green foliage, bearing inflated buds that pop open into star-shaped soft-pink blossoms. Nice addition to the border, or in mixed containers.	Full Sun to Part Shade	10" h x 8" w	Pink	July-August
Polygonatum falcatum 'Variegatum'	Variegated Solomon's Seal	Rich green leaves narrowly edged in white and reddish stems add color to shady borders or woodland gardens as well as among trees and shrubs. Combines well with ferns and Hostas. Arching, unbranched stems emerge from the soil forming a small clump.	Full Shade to Part Shade	24" h x 24" w	White	April-May
Pulmonaria 'Silver Bouquet'	Lungwort	Larger, more abundant, chameleon like flowers change from pink to blue as they mature. The shiny, silver leaves mottled with bright green will add interest to your late winter and early spring garden. Plant in borders and containers. Makes a lovely groundcover when planted in mass.	Full Shade to Part Shade	10" h x 20" w	Blue/Pink	April-May
Pulmonaria 'Shrimps on the Barbie'	Lungwort	A wow plant. This large, spreading Pulmonaria has an amazing number of large, deep shrimp pink flowers in the spring. Foliage is green with prominent white spots. Deer, rabbit and mildew resistant.	Full Shade to Part Shade	10" h x 10" w	Pink	April-May
Pulsatilla v. 'Papageno'	Pasque Flower	Fringed, semi-double flowers with a color range of white to cream tones, bright pink to dark red and light blue to violet. Often has single blooms the first year.	Full Shade to Part Shade	12" h x 12" w	Mix	April
Rodgersia 'Bronze Peacock'	Rodgersia	Deep, bronze brown leaves feel like they were hammered out of an ancient metal alloy, so thick and glossy they can't be ignored. Large trusses of tiny pink flowers are a bonus in the spring. Equally dark and dramatic seed heads are long lasting and showy.	Part Shade	22" h x 28" w	Pink	June-August
Rudbeckia f. 'Early Bird'	Black-Eyed Susan	This showy perennial, with bright golden yellow petals and brown centers, offers an exceptionally long flowering season. Sturdy, upright habit makes it a wonderful bedding plant for mixed borders and wildflower gardens. Very drought tolerant.	Full Sun	18-24" h x 18-24" w	Yellow	June-September
Rudbeckia l. 'Goldquelle'	Black-Eyed Susan	Rudbeckia 'Goldquelle' is a great late summer perennial with medium green, cut foliage that is covered with fully double, bright yellow flowers on sturdy stems. Plants can form large clumps over time but do not spread around.	Full Sun	24-36" h x 24-36" w	Yellow	July-September
Rudbeckia n. 'Herbstonne'	Black-Eyed Susan	A tall plant with large, single yellow flowers. Fine selection for the fall perennial border; good with ornamental grasses.	Full Sun	7' h x 3' w	Yellow	July-September
Rudbeckia s. 'Viette's Little Suzy'	Black-Eyed Susan	A dwarf specimen with deep yellow flowers that will bloom from midsummer well into the fall.	Full Sun	12-14" h x 12" w	Yellow	July-September
Rudbeckia s. 'Little Henry'	Black-Eyed Susan	This distinctive selection is a narrow, upright compact grower with strong branching stems and attractive green foliage topped off with charming, brown-eyed daisies that have unusual narrow or quilled yellow petals, appearing midsummer	Full Sun	30-36" h x 20-24" w	Yellow	July-September
Sagina subulata	Irish Moss	Tiny little white flowers begin to appear in late spring. Excellent for filling in between the cracks of flagstone paving, in the rock garden or as a lawn substitute. Dislikes both drought and soggy wet soils.	Part Shade	1" h x 12" w	White	May-August
Salvia n. 'Blue Hill'	Perennial Salvia	Truest blue of the hardy Salvias. Reliable and long lived.	Full Sun	18-24" h x 12-18" w	Blue	May-July
Salvia n. 'Burgandy Candles'	Perennial Salvia	Plants form a bushy clump of grey-green leaves, with upright spikes appearing in early summer, attractive to both butterflies and hummingbirds. This selection responds well to summer heat and features flowers that start as burgundy buds maturing to large purple spikes with violet overtones.	Full Sun	24" h x 24" w	Purple	May-July
Salvia n. 'Crystal Blue'	Perennial Salvia	This colorful perennial produces cool sky blue flower spikes atop the neatly mounded, aromatic foliage. Lovely when planted in drifts. Attracts butterflies and hummingbirds.	Full Sun	20" h x 26" w	Lt Blue	May-June
Salvia n. 'Lyrical Silverstone'	Perennial Salvia	Plants form a bushy clump of grey-green leaves, with upright spikes appearing in early summer, attractive to both butterflies and hummingbirds. This outstanding selection from the 'Lyrical' Series is the only bicolor S. <i>nemerosa</i> with flowers of deep blue with silver edging. Nice compact habit.	Full Sun	24" h x 24" w	Blue	May-June
Salvia n. 'Lyrical White'	Perennial Salvia	Plants form a bushy clump of grey-green leaves, with upright spikes appearing in early summer, attractive to both butterflies and hummingbirds. This selection from the 'Lyrical' Series has a nice compact habit and flowers of pure white over a long period.	Full Sun	24" h x 24" w	White	May-August
Salvia n. 'Sensation Rose'	Perennial Salvia	This selection is compact, with chubby spikes of clear bright pink. Remove faded blooms to encourage repeat flowering. Excellent for cutting. Drought tolerant once established. Can be clipped back hard after blooming, to rejuvenate the foliage. Attractive to both butterflies and hummingbirds.	Full Sun	12" h x 12" w	Pink	May-August
Salvia n. 'Sensation Sky Blue'	Perennial Salvia	Salvia 'Sensation Sky Blue' is extremely vigorous and quick-growing, forming a neat mound of foliage from which long, sturdy spikes emerge, studded with lilac buds that open to brilliant medium blue blooms.	Full Sun	12" h x 12" w	Blue	May-August
Salvia n. 'Violet Riot'	Perennial Salvia	A mass of colorful flower spires from late spring into early summer. It forms a dense, rounded clump of aromatic, rugose grey-green foliage that looks nice all season long and is not enjoyed by rabbits or deer.	Full Sun	24" h x 24" w	Violet	May-June
Scabiosa c. 'Butterfly Blue'	Pincushion Flower	This plant is an extravagant performer with lavender-blue blooms from May to early frost. A neat compact habit. This plant would benefit from a winter mulch.	Full Sun	18" h x 12" w	Blue	May-September

Scabiosa c. 'Pink Mist'	Pincushion Flower	A true soft pink cultivar with superb flowering up to frost; would benefit from winter mulch.	Full Sun	12-18" h x 12" w	Pink	May-September
Sedum 'Angelina'	Stonecrop	A terrific low evergreen groundcover for sunny areas with poor dry soil. This forms a trailing mat of succulent golden-yellow leaves. Clusters of yellow starry flowers appear during the summer.	Full Sun	4-6" h x 12-24" w	Yellow	May-August
Sedum 'Autumn Delight'	Stonecrop	Chartreuse serrated leaves with narrow blue-green margin. Creamy buds open to large clusters of light pink flowers. Bronze seed heads.	Full Sun	24" h x 24" w	Pink	August-September
Sedum 'Maestro'	Stonecrop	Blue-green foliage, pink flowers and a compact upright habit. The foliage is blue-green in cool seasons and blue-purple in warm seasons.	Full Sun	18" h x 18-24" w	Pink	August-October
Sedum 'Mr. Goodbud'	Stonecrop	Very large, dense heads of light purple buds contrast with the dark purple flowers on a more compact, shorter stature plant. Wonderful in a mass planting or perennial border.	Full Sun	18" h x 14" w	Purple	August-October
Sedum 'Pure Joy'	Stonecrop	Forms a low, rounded mound in spring, growing to just under 1' tall by summer. Light green leaves become covered in a dome of bubblegum pink flowers followed by pretty seed heads.	Full Sun	12" h x 20" w	Pink	July-September
Sedum Sunsparkler 'Dazzleberry'	Stonecrop	This brilliant new Sedum lives up to its name. Blooming earlier than most, the huge, brilliant raspberry colored flower clusters are up to nine-inches in diameter! Disease resistant foliage retains its fantastic smoky blue-grey color from spring through fall. Spreads to form colorful clumps.	Full Sun	8" h x 18" w	Pink	June-August
Sedum Sunsparkler 'Fire cracker'	Stonecrop	Bred for a vigorous, multi-crown habit, intensely colorful foliage, and, of course, excellent drought tolerance. Firecracker is a vision in the summer garden, with red foliage and hot pink flowers that stand up to the heat beautifully.	Full Sun	6" h x 18" w	Pink	June-August
Sedum Sunsparkler 'Lime Zinger'	Stonecrop	A new, very hardy succulent ground cover, with fantastic lime- green leaves edged in bright cherry-red. In late summer, soft pink flower clusters dance just above a dense colorful mat of disease-free foliage.	Full Sun	4" h x 18" w	Pink	June-August
Sedum s. 'Neon'	Stonecrop	This selection begins to produce green broccoli-like buds in mid-summer, which gradually open into enormous deep rosy-pink flower heads, finally deepening to rich rusty-red. Even the dead flower heads have good winter effect.	Full Sun	24" h x 24" w	Pink	July-September
Sempervivum t. 'Chick's Mix'	Hen's & Chick's	Succulent, low growing rosettes surrounded by little "chicks". This plant is excellent in a rock garden; requires very well-drained soil. These plants are valued for their foliage effect.	Full Sun	3-6" h x 12" w		
Silene d. 'Ray's Golden'	Rosy Campion	This outstanding perennial features golden yellow to chartreuse foliage and hot fuchsia flowers in mid to late spring. Long-blooming, it features a golden green color that complements the spring palette and brilliant flowers that bring on the wow-factor.	Full Sun to Part Shade	24" h x 24" w	Magenta	May-July
Sisyrinchium 'Lucerne'	Blue-Eyed Grass	Bright purple-blue, star like flowers top the dark green, grass-like foliage of the long blooming perennial. Use as an accent plant along walkways or in rock gardens. For best results do not cut foliage back in spring or winter.	Full Sun to Part Shade	8" h x 12" w	Blue	May-July
Stachys m. 'Hummelo'	Common Betony	Distinctly different than its cousin, Lamb's Ear. Forms larger clumps of green, textured leaves. Showy spikes of densely packed, lavender-rose flowers shoot up through the foliage on tall stalks.	Full Sun	18-20" h x 12" w	Pink	June-July
Stokesia l. 'Peachie's Pick'	Stoke's Aster	Upright habit and attractive green foliage that may remain evergreen in mild winter areas. Solid performer. Tolerant of hot, humid summer regions. Great for cutting and attractive to butterflies. Full Sun	Full Sun	12-18" h x 12-18" w	Purple	June-July
Thalictrum 'Evening Star'	Meadow Rue	Leaflets colored olive, tan, and copper to red-brown are held on wiry stems; each with a central silver star. Tufts of lavender flowers float over the foliage spring through summer.	Full Shade to Part Shade	8" h x 10" w	Pink	May-August
Thalictrum 'Black Stockings'	Meadow Rue	This selection produces rather tall clumps, with near-black stems that bear huge clusters of bright lavender-magenta flowers in midsummer. Makes an unusual cut flower. Terrific in the woodland garden, or a moist sunny border.	Full Shade to Part Shade	4-6' h x 24" w	Pink	July-August
Thalictrum 'Splendide White'	Meadow Rue	An all white hybrid selection of giant white meadow rue selected by French nurseryman Thierry Delabroye. 3-4' stems are multi branched bedecked with dainty white blossoms in early-mid summer. It enjoys a moist rich soil. Use in the mid back of the border for a delightful hazy effect.	Full Shade to Part Shade	4-6' h x 24" w	White	July-August
Thalictrum 'Tukker Princess'	Meadow Rue	Striking solitary plant with beautiful gray-green foliage. Stays upright. Moist, well-drained soil preferred.	Full Shade to Part Shade	6-8" h x 24" w	Yellow	July-August
Thymus 'Golden'	Thyme	Low-growing dainty gleaming green and gold leaves. Lavender flowers in summer.	Full Sun	3" h x 24" w	Lavender	July
Tradescantia x a. 'Amethyst Kiss'	Spiderwort	Amethyst Kiss™ is an exceptional Tradescantia with flower power and many clusters of large, blue-colored blooms. The beauty of the flower color is enhanced by the bright golden stamens in the center of each bloom.	Full Sun to Part Shade	18" h x 24" w	Blue	June-August
Tradescantia x a. 'Red Cloud'	Spiderwort	Large three-petaled purple-red flowers with yellow stamens against bright green foliage create a lush mound in rock garden, border or container. Flowers last a day, but non-stop buds continue for weeks. Easy care; requires no deadheading. Thrives in moist soil.	Full Sun to Part Shade	18" h x 24" w	Purple	June-August
Tricyrtis f. 'Autumn Glow'	Toad Lily	A showy selection of this species, with color throughout the season. The flowers start in late summer, lavender-pink with yellow throat and fine purple spots. Slow spreading.	Full Shade to Part Shade	18-24" h x 12-18" w	Lavender	August-October
Trollius 'Golden Queen'	Globe Flower	This selection has semi-double golden yellow flowers with a contrasting centre of deep orange.	Full Sun to Part Shade	36" h x 24" w	Yellow	June-August
Verbascum 'Dark Eyes'	Mullein	'Dark Eyes' has an very short habit with large felted gray leaves in a rosette and cone shaped spikes of large, creamy yellow flowers with large maroon centers. Wonderful in front of a sunny border!	Full Sun	8-12" h x 10" w	Yellow	June-August
Verbascum 'Plum Smokey'	Mullein	Like a bouquet picked for you. Rosettes carrying a multitude of 16" flowering stems above the foliage with numerous, large, smoky-purple flowers. Blooms for months in full sun with good drainage.	Full Sun	8-16" h x 12" w	Purple	June-August
Vernonia 'Iron Butterfly'	Ironweed	Magenta purple flower clusters dance above the foliage in late summer. A super 'texture' plant for the border; the flowers are a favorite nectar source for butterflies. Very tolerant of poor dry soil conditions.	Full Sun to Part Shade	30-36" h x 36" w	Purple	July-September
Veronica 'Hocus Pocus'	Speedwell	Magenta purple flower clusters dance above the foliage in late summer. A super 'texture' plant for the border; the flowers are a favorite nectar source for butterflies. Very tolerant of poor dry soil conditions. - See more at: https://www.bluestoneperennials.com/VEIB.html#sthash.rj8HFveG.dpuf	Full Sun to Part Shade	16-20" h x 16" w	Blue	June-August
Veronicastrum v. 'Apollo'	Culver's Root	Leafy stems taper delicately into long lilac-blue racemes tipped with vivid green buds, which bend and curve.	Full Sun	36-48" h x 24-36" w	Lilac	June-July
Vinca minor 'Bowles'	Periwinkle	Low creeping groundcover with glossy green foliage and bright blue flowers. Semi evergreen.	Full Shade to Full Sun	3-6" h x 12-18" w	Blue	May
Viola c. 'Etain'	Violet	Sweetly fragrant blooms of primrose-yellow with a soft lavender edge. Trailing compact, dark green foliage. Prefers evenly moist, fertile, well-drained soil.	Full Shade to Part Shade	6-8" h x 6" w	Purple	April-August
Viola c. Painted Porcelain	Violet	This selection has soft mauve-lilac flowers with contrasting violet-purple whiskers and a tiny yellow eye.	Full Shade to Part Shade	6-8" h x 6" w	Lilac	April-August

Ornamental Grasses						
Andropogon gerardii 'Indian Warrior'	Big Bluestem	Tall, strictly upright clump of green foliage that transitions to red then smoky purple beginning midsummer. Deep purple flowers with bright red-orange pollen.	Full Sun	5-6' h x 18-24" w	Red	July-September
Calamagrostis a. 'Avalanche'	Feather Reed Grass	Green leaves are striped down the middle with white, developing a decent sized clump by mid to late spring. Soft feathery greenish-mauve plumes appear in early to midsummer, maturing into stiff wheat-coloured spikes, which last into winter.	Full Sun to Part Shade	3-4'h x 24-30"w	Mauve	July
Calamagrostis a. 'Karl Foerster'	Feather Reed Grass	This is perhaps one of the most versatile, attractive and carefree of the ornamental grasses. As a cool season grower, its deep-green, lustrous foliage becomes effective by early spring and lasts all the way until winter.	Full Sun to Part Shade	5' h x 2' w	Gold	July
Calamagrostis brachytricha	Feather Reed Grass	This species of reed grass is a slowly-spreading, clump-forming, warm season ornamental grass which features a mound of narrow, stiff, green leaves with pinkish tinged flower plumes appear in late summer atop stems rising well above the foliage.	Full Sun to Part Shade	3' hx 3' w	Pink	July
Carex c. 'Ice Dance'	Sedge	A bright groundcover for a shady spot, 'Ice Dance' has long shiny leaves trimmed in bright white. It spreads slowly to fill in and make a tidy cover that discourages weeds. Deer and disease resistant	Full Shade to Part Shade	12-15" h x 12-18" w	White	August
Festuca 'Cool as Ice'	Fescue Grass	New blades emerge bright green then turn blue. Taller than most small fescues, with flowers seed heads to 18". Remains blue in summer heat.	Full Sun	12-18" h x 12" w	Blue	July
Festuca 'Elijah Blue'	Fescue Grass	Tufted in form, its offers perhaps the best blue of the fescue grasses. It is finely textured, durable and a long-lived. Prefers cooler and less humidity, so plant in an area where be protected from hot summer months. Its silvery-blue foliage forms amount about 10" tall.	Full Sun	8-12" h x 12" w		
Hakonechola m. 'Aureola'	Hakone Grass	A graceful, colorful groundcover for shady areas. Slender stems hold bright yellow foliage with thin green stripes having the effect of a tiny bamboo. Great in containers. 2009 Perennial Plant of the Year. Deciduous.	Part Shade	18" h x 18' w		
Imperata c. 'Red Baron'	Japanese Blood Grass	An unusual and dramatic grass, slowly forming a low clump. Leaves are green at the base, with red tips that become more intense over the summer and fall until they appear to glow. Effective as an edging, in the rock garden, and especially when mass planted.	Full Sun to Part Shade	18-20" h x 12-18" w		
Miscanthus s. 'Dixieland'	Dwarf Variegated Maiden Grass	This dwarf variegated grass is a striking bold plant for borders or containers. Its long arching blades are green with broad streaks of ivory. In late summer to fall plants produce tall, upright stems topped with feathery rose-hued plumes that soften and curl as they dry.	Full Sun	2-3' h x 3-4' w	Brown	August-September
Miscanthus s. 'Gracillimus'	Maiden Grass	It is desirable for its finely narrow foliage and gracefully round form.	Full Sun	7' h x 3' w	White	September-October
Miscanthus s. 'Little Zebra'	Dwarf Zebra Grass	Like 'Zebrius' but shorter and more upright. Keeps its color all season. Reddish-purple plumes are produced reliably. They turn creamy tan in winter.	Full Sun	3-4' h x 3' w	White	September-October
Miscanthus s. 'Morning Light'	Variegated Maiden Grass	This is a variegated form of maiden grass; fine textured, neat and arching. Its reddish-bronze blooms. Plant it near water as the reflected light will give it a spectacular silver appearance.	Full Sun	4-5' h x 2' w	White	September-October
Miscanthus s, 'Strictus'	Porcupine Grass	Green foliage is highlighted by dramatic horizontal golden bands. Reddish-bronze plumes above the foliage in summer. Suitable specimen or in groups.	Full Sun	8' h x 3' w	Red	August-October
Panicum v. 'Blue Fountain'	Switch Grass	Even with its considerable height, this grass stays very upright, supporting its late summer heavy flowering performance. Greenish tan flower panicles are held on the top two thirds of the plant and look like they burst out of the clump like water in a fountain. Its attractive blue-green leaves are very wide and strappy. This durable grass will tolerate drought, heat, and wind once established.	Full Sun	7'h x 5-6'w	Tan	August
Panicum v. 'Cape Breeze'	Switch Grass	Selected for upright habit, compact size and early flowering. Its perfect, tidy stature combines the toughness of seaside Panicum with the neatness of garden worthy cultivars. Great texture and movement in the landscape!	Full Sun to Part Shade	24-30" h x 20-24" w		
Panicum v. 'Cheyenne Sky'	Switch Grass	This variety has a tight, vase-shape form and incredible wine-red foliage that colors the plant beginning in late summer. The fall veil of wine-red flowering spikes are equally showy.	Full Sun to Part Shade	3' h x 18" w		July-August
Panicum v. 'Cloud Nine'	Switch Grass	This very tall selection forms an upright mound of blue-green leaves. Airy heads of tiny reddish-brown flowers appear in late summer. Attractive well into the winter.	Full Sun	6-7'h x 3-4'w	Brown	August
Panicum v. 'Hot Rod'	Switch Grass	This selection revs up into the red zone earlier than other switch grasses. Firmly upright blades emerge blue/green, reddening rapidly until the whole plant is rich, deep maroon.	Full Sun to Part Shade	3-4' h x 2-3' w		July-August
Panicum v. 'Ruby Ribbons'	Switch Grass	This colourful mid-sized selection forms an upright clump of leaves that begin blue-green then develop wine-red tips as they mature. Airy heads of tiny reddish-brown flowers appear in late summer.	Full Sun	3-4'h x 2-3'w	Green	July-August
Pennisetum a. 'Burgundy Bunny'	Fountain Grass	This selection is a miniature version forming an upright clump of narrow, green leaves bearing small, tufted, cream flower plumes in late summer. The leaves show red colour in summer but by fall are completely red, lasting until frost.	Full Sun to Part Shade	16" h x 16" w	White	July-September
Pennisetum a. 'Hameln'	Dwarf Fountain Grass	Flowers are cream-white beginning in late July. Foliage is dark green and a full 1' shorter than other varieties. Great in massing.	Full Sun to Part Shade	3' h x 2' w	Tan	July-September
Pennisetum a. 'Piglet'	Fountain Grass	Narrow, medium to deep green leaves form a clump rising to only 8" tall. Flower stalks rise from the clump to 18" tall in summer featuring showy, fluffy, bottle brush-like, tawny flower spikes that arch outward in late summer. Flower spikes turn brownish as the seeds form, and spikes usually persist until late fall or early winter.	Full Sun to Part Shade	1-2' h x 1-2' w	Tan	August-October
Pennisetum a. 'Red Head'	Red Head Fountain Grass	An early form of hardy red flowering Pennisetum. Deep burgundy color is most concentrated in the buds and younger plumes. Wonderful in bouquets.	Full Sun to Part Shade	3-4' h x 3' w	Red	July-September
Schizachyrium s. 'Blue Paradise'	Little Blue Stem	An upright ornamental grass that withstands adverse weather conditions. In summer, striking silvery blue stems form a columnar habit. Deep wine purple fall color.	Full Sun	36-42" h x 20-24" w	Tan	August-September
Schizachyrium s. 'Twilight'	Little Blue Stem	'Twilight Zone' stands out among Little Bluestems for its iridescent, silvery mauve color that appears in midsummer. These beautiful pastel tones intensify in fall when bright purple highlights appear. About half as wide as it is tall, it has a full, upright columnar shape. Its soft colors blend beautifully with other perennials, particularly those with blue-green or silvery foliage.	Full Sun	4-5'h x 2'w	Tan	August-September
Sporobolus heterolepis	Prairie Dropseed	Forms an upright, arching mound of fine, long leaves, emerald green in summer, turning gold with orange tints in fall. The color is stunning in winter. Panicles of small, delicate flowers are held 2-3' above the foliage in late summer.	Full Sun to Part Shade	18-30" h x 18-24" w	Orange	August-September
Roses						

Rosa 'Joseph's Coat'	Climbing Rose	A multi-colored Floribunda rose which can be trained as a climber. The double flowers range in color from golden-yellow with an orange and red tinge. Recurrent bloomer.	Full Sun	10' h x 4-5' w	Red blend	
Rosa 'Ramblin Red'	Climbing Rose	The foliage is borne on strong pliable canes and displays a touch of red before maturing to deep, dark green. Everblooming	Full Sun	6-10' h x 4-5' w	Red	
Rosa 'Love & Peace'	Hybrid Tea Rose	The rose bears carmine-red buds that open to a warm blend or golden-yellow edged with carmine pink.. The blooms mature to creamy yellow and pink. Compact upright habit and lustrous dark green foliage that is very disease resistant.	Full Sun	5' h x 3' w	Yellow blend	
Rosa 'Easy Elegance Above & Beyond'	Shrub Rose	Reblooming with a light fragrance has semi double apricot blooms. Can be a climber or free standing shrub. Very resistant to fungal disease.	Full Sun	3-4' h x 3' w	Apricot	
Rosa 'Easy Elegance Calypso'	Shrub Rose	Double apricot blooms with dark green foliage.	Full Sun	3' h x 3' w	Apricot	
Rosa 'Easy Elegance Campfire'	Shrub Rose	Buds of yellow and red open to semi-double flowers of yellow, edged in a deep pink, producing an incredible color blend of blooms that continue until frost. Dark green glossy foliage has excellent disease resistance.	Full Sun	3' h x 3' w	Yellow/Red	
Rosa 'Easy Elegance Coral Cove'	Shrub Rose	Incredible color, petite size, super disease resistant, what more could you want? This everblooming gem make san outstanding hedge along a walkway or garden path.	Full Sun	3-4' h x 3' w	Coral	
Rosa 'Double Pink Knockout'	Shrub Rose	This close relative of the famous 'Knock Out holds true to its reputations for being a true champion in the garden. Combine the disease resistant attributes that made 'Knock Out' such a popular garden plant, with an abundance of double, hot-pink flowers to give us yet another winner.	Full Sun	3-4' h x 3' w	Pink	
Rosa 'Easy Elegance Grandma's Blessing'	Shrub Rose	Grandma's Blessing is a sweet rose with a sweet name. Large, dusty pink blooms give it the resemblance to classic hybrid tea roses but it sure doesn't act like an old-fashioned rose! It is so unfussy that your neighbors won't believe that you aren't out babying this beauty every day.	Full Sun	2-3' x 2-3'w	Pink	
Rosa 'Double Red Knockout'	Shrub Rose	The same wonderful characteristics of its sister, 'Knock Out' with twice as many petals. Cherry-red blossoms attract attention al summer and give way to deep, purple fall foliage. Spent flowers drop cleanly. Hardy and disease resistant, drought tolerant once established. Everblooming.	Full Sun	3-4' h x 3' w	Red	
Rosa 'Easy Elegance Kashmir'	Shrub Rose	Resembling a hybrid tea, the velvety red blossoms are as soft as cashmere and beg to be cut for the vase. With an evenly rounded habit and a height of just 2', "Kashmir" fits perfectly into today's urban landscapes.	Full Sun	2' h x 3' w	Red	
Rosa 'Easy Elegance Kiss Me'	Shrub Rose	Kiss Me bears clusters of large, double, clear pink blooms, reminiscent of English roses. It flowers all season, and is especially attractive in a perennial border.	Full Sun	2-3'h x 2-3'w	Pink	
Rosa 'Easy Elegance Music Box'	Shrub Rose	An exhibition of color, 'Music Box' sings with double blooms of creamy yellow centers surrounded by delicate pink blends. An everblooming mound of radiant blossoms sits atop glossy medium green foliage that is resistant to disease.	Full Sun	3' h x 3' w	Yellow	
Rosa 'Easy Elegance Paint the Town'	Shrub Rose	Wonderful clusters of red hybrid tea-shaped blooms carpet this rose from head to foot, to paint your town red. Glossy, dark green foliage accents the red perfectly and highlights the incredible flower effect all season long. The evenly spreading to mounded habit is as well-suited to container gardening as it is to border. Highly disease-resistant.	Full Sun	3' h x 3' w	Red	
Rosa 'Easy Elegance Pinktopia'	Shrub Rose	Pinktopia's an ideal accent or hedge plant. Masses of pink flowers are surrounded by dark green foliage and red new growth creates a beautiful contrast. Recurrent bloomer.	Full Sun	3' h x 3' w	Pink	
Rosa 'Knock Out'	Shrub Rose	This shrub rose has electric, cherry-red flower buds that stand out against the deep green foliage; it blooms all summer and late in season it forms bright orange-red hips that create interest all winter long. The foliage turns purple-maroon in fall.	Full Sun	3' h x 3' w	Red	
Rosa 'Pink Knock Out'	Shrub Rose	As carefree and hardy as its parent, 'Knock Out'. This vigorous shrub has dark pink buds and bright, medium pink, cup-shaped blossoms that fade to a light shade. As tough as it is beautiful and black spot resistant.	Full Sun	3' h x 3' w	Pink	
Rosa 'Purple Pavement'	Shrub Rose	The bright green foliage of this rose has excellent disease resistance and forms a nice mounded plant well suited for use in mass plantings or as a colorful low hedge. Flowers are purplish-red with bright yellow stamens. With the approach of autumn intensely fragrant blooms are replaced by colorful dark red hips.	Full Sun	3' h x 3' w	Purple	
Rosa 'Easy Elegance Screaming Neon Red'	Shrub Rose	Intense color, superior performance. Screaming Neon Red™ is sure to be a standout for any garden. With vibrant flower power and repeat blooms throughout the season, this compact rose is the perfect choice as an accent or mass planting. Remarkably rich, disease resistant, dark green foliage provides the perfect backdrop to neon-red blooms. Foliage turns a lovely burgundy-red in fall.	Full Sun	3-4' h x 2-3' w	Red	
Rosa 'Easy Elegance Sunrise Sunset'	Shrub Rose	This ever-blooming shrub is diseases resistant with dense foliage that has a slight blue tint to it. This is a spreading shrub that makes a great groundcover in mass plantings.	Full Sun	2-3' h x 3' w	Pink	
Rosa 'Sunny Knock Out'	Shrub Rose	From the creator of the 'Knock Out', a brand new color for this popular rose family. 'Sunny Knock Out' has an upright habit, clean dark green foliage and terrific everblooming qualities.	Full Sun	3-4' h x 3' w	Yellow	
Rosa 'Easy Elegance Snowfire'	Shrub Rose	Snowfire' is a real attention grabber because of its contrasting red blooms with white reverse. The huge white buds open to unveil a velvety red lining. Medium-sized upright shrub with dark green foliage.	Full Sun	3' h x 3' w	White	
Rosa rugosa	Rugosa Rose	The pointed buds of this rugged, adaptable rose open to flowers of heady, spicy perfume. The blooms may vary from pale pink and deep rose to nearly crimson, with an occasional white good measure. The disease resistant foliage is deeply veined, enhanced by brilliant fall color and bright red hips.	Full Sun	4-6' h x 4-6' w	Mauve	
Rosa rugosa 'Wild Spice'	Rugosa Rose	Like Rosa rugosa, this white rose adapts to a variety of conditions, including where salt tolerance is a concern. Its pale blush pink buds open to highly fragrant snow-white blooms with creamy yellow stamens. In fall, disease resistant foliage takes on shade of orange and scarlet to accompany the large orange-red hips.	Full Sun	3' h x 3' w	White	
Shade Trees						
Acer griseum x nikoense 'Ginzam'	Paperbark Maple	A vigorous, upright grower with attractive, exfoliating bark and brilliant orange-red fall color.	Full Sun	20-25'h x 10-15'w		
Acer platanoides 'Royal Red'	Royal Red Norway Maple	Similar to A. 'Crimson King', but with a somewhat slower growth rate and what some consider slightly better color. A dense shade tree, it has a straight trunk with a well shaped head. The glossy foliage is an excellent maroon-red color all season. Medium grower, 10 to 12' in 5 to 8 years, 30' in 20 years.	Full Sun	35-40' h x 25' w		

Acer rubrum	Red Maple	A fairly rapid growing tree, Red Maple is a beautiful addition to the landscape. The showy red flowers appear in spring before the leaves open and put on a great show. Autumn brings outstanding shades of color. Red Maple will perform best in partial shade moist soils.	Full Sun	50' h x 35-40' w		
Acer r. 'Bailcraig'	Scarlet Jewell Maple	A full, upright Maple that turns a consistent deep crimson each fall, a full two weeks earlier than other Acer rubrum's. A brilliant show of red flowers each spring adds to the allure. Excellent, symmetrical branching and resistance to frost cracking. Prefers moist, slightly acidic soil.	Full Sun	70' h x 30' w		
Acer r. 'Franksred'	Red Sunset Maple	An outstanding Red Maple retaining its brilliant red autumn color longer than most other varieties. Upright dense branching habit makes this an excellent street and lawn tree. Large deciduous tree has pyramidal form when young becoming rounded with age. Glossy green leaves turn brilliant orange-scarlet, extremely showy. Medium to fast grower; 10 to 12' in 5 to 7 years.	Full Sun	50' h x 30-40' w		
Acer r. 'Magnificent Magenta'	Burgandy Belle Maple	Specimen plant develops a compact, rounded canopy. Summer foliage is a medium, dark green that can tolerate harsh conditions. Late September foliage turns red or orange, then burgundy in October	Full Sun	45' h x 15' w		
Acer r. 'October Glory'	October Glory Maple	This red maple is most impressive for its intense crimson fall color, ever under less than perfect circumstances. The color lasts much longer than other red maples. The wings of the samaras display an attractive red tint.	Full Sun	50-60' h x 35' w		
Acer s. 'Bailsta'	Fall Fiesta Sugar Maple	A rapid growing, Maple with a wonderful symmetrical branching habit. Resistant to sun and frost cracks, and the leathery foliage is resistant to leaf tatter and leaf hoppers. Absolutely beautiful orange and red fall color, better than other Sugar Maples.	Full Sun	50-75' h x 50' w		
Acer s. 'Barrett Cole'	Apollo Maple	A fantastic semi-dwarf sugar maple with a narrow upright form and a strong straight trunk. 'Apollo' will only grow about half the size of typical sugar maples. Fall color is a mix of orange and gold. Excellent street tree or for small gardens.	Full Sun	25' h x 10' w		
Acer t. 'GarAnn'	Hot Wings Tartarian Maple	Hot Wings Maple has dark green foliage throughout the season. The lobed leaves turn an outstanding scarlet in the fall. The flowers are not ornamentally significant. It features abundant showy cherry red samaras in late summer. The rough gray bark is not particularly outstanding.	Full Sun	20' h x 17' w		
Acer x. f. 'Firefall'	Firefall Maple	Firefall has an upright-oval form with good branch angles. This selection is a male and therefore does not produce nuisance seeds. The foliage is an attractive medium green throughout the summer. Fall color is bright orange to scarlet and develops fairly early.	Full Sun	40-60' h x 30-40' w		
Acer x. f. 'Jeffersred'	Autumn Blaze Maple	Hybrid of Silver and Red Maple with ascending branches, rapid growth, drought tolerance and ability to grow in most areas. Beautiful fall color and form. Medium to fast grower; 10 to 12' in to 7 years.	Full Sun	50-60' h x 40' w		
Betula nigra	River Birch	Attractive buff colored peeling bark is a wonderful backdrop for the yellow fall foliage color. This tree is an impressive specimen, commonly found with several trunks. A medium to fast grower, this birch transplants well and its best adapted to moist areas. It will tolerate drier soil but probably will not reach its maximum development.	Full Sun	40-70' h x 40-60'		
Betula n. 'Cully'	Heritage River Birch	This vigorous grower has exfoliating bark that is lighter than river birch, ranging from tan to creamy white to parchment white. While it tolerates wet, poorly drained soils, it does well in upland soils, and is resistant to bronze birch borer.	Full Sun	45-50' h x 30-35' w		
Betula n. 'Little King'	Fox Valley	A unique dwarf selection of a popular landscape tree. Refreshing, bright green foliage turns golden-yellow in fall. Colorful exfoliating patterns of bark in salmon and cinnamon-red become evident at a young age. Useful as a specimen when space is limited, in low-maintenance landscapes or as a screen. Excellent resistance to bronze birch borer.	Full Sun	8-10' h x 8-12' w		
Betula x. 'Royal Frost'	Royal Frost Birch	'Royal Frost' is an upright pyramidal birch featuring burgundy-red to purple foliage, showy yellow-orange to red fall color and attractive white bark.	Full Sun	30-40' h x 15-20' w		
Ginkgo biloba 'Autumn Gold'	Ginkgo	This superb selection is a fruitless male strain. Unique fan-shaped green foliage turns brilliant golden yellow in fall. Symmetrical branching creates an exceptional upright landscape accent, eventually becoming a handsome shade tree with age. Deciduous.	Full Sun	35-50' h x 35-50' w		
Gleditsia t. v. i. 'Sunburst'	Sunburst Honeylocust	An attractive deciduous tree with a vase shaped canopy with bright yellow young pendulous leaves that ripen to a lime green colour. It is a popular tree because of its vibrant colour and soft weeping foliage. Has large black seedpods that hang from the branches in winter	Full Sun	40' h x 15-20' w		
Liriodendron tulipifera	Tuliptree	Beautiful, large, garden tree having unique bluish-green leaves; gives spectacular show of yellow fall color. In warm season, displays handsome, tulip-shaped greenish-yellow and orange flowers. Fast grower.	Full Sun	50' h x 30' w	Mix	June
Metasequoia glyptostroboides	Dawn Redwood	This beautiful deciduous conifer has a pyramidal to conical habit and fine feathery foliage.	Full Sun	70-100' h x 25-40' w		
Metasequoia glyptostroboides 'Gold Rush'	Dawn Redwood	'Gold Rush' is a cultivar that features soft, linear, feathery, fern-like foliage that is distinctively golden-yellow throughout summer. Foliage gradually turns orange-brown in fall. It reportedly grows somewhat slower than the species.	Full Sun	70-100' h x 15-25' w		
Nyssa sylvatica	Black Gum/Black Tupelo	This is certainly one of our most beautiful native trees. Its habit is broadly pyramidal with picturesque, horizontal branching. Bark is dark brown to nearly black. Lustrous dark green foliage has a consistent, outstanding fall color. Produces blue-black fruit in the fall. Prefers moist well-drained soil.	Full Sun	30-50' h x 20-30' w		
Platanus x. a. 'Exclamation'	London Planetree	(Morton Circle London Planetree) Selected for its uniform, upright pyramidal habit and attractive foliage; densely branched with a moderate growth rate; beautiful white and brown mottled bark; best in larger landscapes; very resistant to frost cracking and disease	Full Sun	60' h x 30' w		
Populus tremuloides	Quaking Aspen	Bark greenish to white. Leaves small and move in the slightest breeze. Indifference to soil conditions. Can be found in moist, shallow, rocky or clay soils. Excellent for naturalizing.	Full Sun	60-80' h x 30' w		
Quercus rubra	Red Oak	The fastest growing Oak and one of the easiest to transplant, this tree is great for street use or as a landscape tree. The foliage is dense and lustrous and leaves hang on the tree into winter.	Full Sun	60-80' h x 50' w		
Quercus x. b. 'Midwest'	Prairie Stature Oak	An outstanding tree in the landscape featuring emerald-green, semi-glossy, leathery foliage with reddish coloration in autumn. Quite dense, pyramidal form. Hybrid of English Oak and White Oak.	Full Sun	30-40' h x 25-30' w		
Salix 'Golden Curls'	Golden Curls Willow	Curly branches with golden color in winter. Appears to be hardier than other curly willows.	Full Sun	30-40' h x 20-25' w		
Tillia a. 'McKSentry'	American Sentry Linden	This tree has uniform branching and an upright narrow form. This is a great tree for use in landscape for boulevards and smaller yards where space is at a premium, but shade is required. The distinctive bark is silvery gray especially when the plant is immature and is very attractive. Resistant to Japanese Beetle.	Full Sun	40' h x 25-30' w		

Ulmus 'Morton Glossy'	Triumph Elm	A new hybrid elm from the Chicagoland Grows program that combines the attractive vase-shaped form of the popular Accolade elm with the toughness and disease and insect resistance of Vanguard; a large shade tree with symmetrical form and glossy leaves	Full Sun	50' h x 40' w		
Ornamental Trees						
Acer p. 'Bloodgood'	Bloodgood Japanese Maple	Beautiful medium growing, vase-like deciduous broadleaf tree. Excellent dark red leaf color all summer long. A wonderful addition to the landscape. Should be planted in a protected area.	Part Shade	10-15' h x 6-8' w		
Acer p. v. d. 'Crimson Queen'	Crimson Queen Japanese Maple	Truly outstanding in foliage and form. Young leaves are finely cut and of the darkest purple-red, and maintain that color throughout the summer. Autumn brings clear reddish purple foliage color. The form is wider than taller, weeping and cascading.	Part Shade	8-10' h x 10-12' w		
Acer p. v. d. 'Tamukeyama'	Tamukeyama Japanese Maple	A small weeping/cascading tree with multi-dissected, deep-crimson leaves. Leaves are not deeply cut as other <i>dissectum</i> varieties giving it a bolder, more robust appearance. Autumn brings fiery scarlet tones. Plant as a focal point in the garden. Cascading effect is especially lovely on ponds edge.	Part Shade	6-8' h x 8-12' w		
Acer pseudosieboldianu	Korean Maple	This small tree or shrub grows 12-18" per year. The green leaves turn shades of red, yellow, and orange in fall; some leaves persist through winter. Flowers are white with purple bracts. The bark is this and easily damaged.	Part Shade	15-25' h x 15-25' w	Purple	April
Amelanchier x. g. 'Autumn Brilliance'	Autumn Brilliance Serviceberry	Heavy stems are covered with white blossoms in early spring, followed by dark green foliage. Leaves turn brilliant red in fall and remain on the tree for an extended period of time. Moderate, spreading branches combined with light gray bark add interest to the landscape throughout the year. Medium grower; 10' in 8 years.	Full Sun to Part Shade	20-25' h x 15-20' w	White	April
Asimina triloba	Pawpaw	Northern cold-tolerant Pawpaw is a deciduous small tree. Its fruit is a large edible berry with flavor somewhat similar to both banana and mango.	Full Sun	20' h x 12-18' w		
Cercis canadensis	Eastern Redbud	Blooms are reddish-purple to rosy-pink in spring. Regular watering and fertilization is very important--especially until it is established. Flowers appear on bare branches bridging the gap between winter and spring. Medium grower, 7-10' in 5-6 years.	Full Sun to Part Shade	20-30' h x 25-30' w	Red	April-May
Cercis c. 'Forest Pansy'	Eastern Redbud	'Forest Pansy' is a purple-leaved cultivar of the popular Missouri native redbud tree. Fall color is variable, but often includes attractive shades of reddish-purple and orange.	Full Sun to Part Shade	20-30' h x 25-30' w	Rose	April-May
Cercis c. 'Hearts of Gold'	Hearts of Gold Redbud	The first known gold-foliaged Cercis! Exceptional native redbud displays a riot of color in early spring as brilliant lavender-purple blooms appear on bare branches. Spring foliage emerges red, maturing to gold; shaded leaves will be green. Large, heart shaped leaves are burn-resistant even in full summer sun. Feature as a specimen or mass as an informal hedge.	Full Sun to Part Shade	20-25' h x 18' w	Purple	April-May
Cercis 'Ruby Falls'	Ruby Fall's Redbud	In spring, profuse white blooms appear before foliage. Dark blue fruit follows later in the summer. Tolerant of city conditions, including pollution, it prefers deep, moist, fertile, acidic soils.	Full Sun to Part Shade	6' h x 4' w	White	April-May
Chionanthus virginicus	White Fringe Tree	Prized large shrub or small tree with upright branches forming a dome shape. Soft green leaves back magnificent clusters of fragrant fringe-like whitish blooms. A terrific accent for the landscape. Slow-growing; 4-6" over 5 years.	Full Sun to Part Shade	20-25' h x 25' w	White	May
Cornus k. 'Satomi'	Pink Japanese Dogwood	Attractive horizontal tiers of branches help make this small tree popular. Splendid pink to red bracts followed in fall by hanging red fruit. Autumn leaves have purple-red tints. A slow grower, possibly medium in early stages of growth.	Full Sun to Part Shade	20' h x 15' w	Pink	June
Cornus k. 'Venus'	Venus Dogwood	The shamrock-shaped blooms are 6" wide and symmetrical, with 4 huge petals surrounding a tiny green center.	Full Sun to Part Shade	15-18' h x 18-22' w	White	June
Cotinus c. 'Royal Purple'	Purple Smoke Tree	Dramatic, long lasting, pinkish purple, smoke-like airy seed clusters backed by reddish-purple foliage create a prized small tree or large accent shrub. Foliage holds color all summer, then turns scarlet in autumn. Deciduous.	Full Sun	15' h x 10-12' w	Pink	July-August
Crataegus crus-galli inermis	Thornless Cockspur Hawthorn	A vigorous small ornamental tree. It bears abundant white flowers in June, followed by small bright red persistent fruit in autumn. Although this attractive thornless tree prefers moist conditions, it is also drought tolerant.	Full Sun	15-20h x 15-20w	White	June
Crataegus x mordensis 'Toba'	Toba Hawthorn	Hardier than some of the other hawthorns, this tree was introduced by the Morden Research Station of Manitoba, Canada. It bears fragrant, large, double white flowers that turn to pink; glossy foliage, and 1/2 inch red fruit. The interesting twisted trunk is an added ornamental feature.	Full Sun	12-15'h x 10-12'w	White	June
Euonymus a. 'Compactus'	Dwarf Burning Bush Tree	A compact and deciduous tree 5 to 6 feet in height and 6 to 8 feet wide. It forms a dense, twiggy, and flat-topped mound. Dark green leaves turn a brilliant rose red in fall. Excellent as background or accent against darker evergreens.	Full Sun	5-6'h x 6-8'w		
Fagus 'Roseomarginata'	Tricolor European Beech	One of the most beautiful beech cultivars, whose purple leaves feature an irregular rose and pinkish white border. 'Tricolor' will benefit from some shade as the pink and white border can become scorched in hot, dry weather.	Full Sun to Part Shade	25-30' h x 15-20' w		
Hibiscus s. 'Hawaii'	Hawaii Hibiscus Tree	Tree form is perfect for small landscapes or as a specimen plant. Large, showy blossoms are a lovely blue color accentuated with a red-purple heart, blooming from July-September. Bred by Minier Nursery in France.	Full Sun	5-8'h x 4-7'w	Blue	June-September
Hibiscus s. 'Mineru'	Tahiti Hibiscus Tree	The tree form of Tahiti™ Hibiscus is perfect for small landscapes or as a specimen plant. Its gorgeous semi-double blooms will give you a feeling of the tropics from July - October. Deep pink-purple flowers are accentuated with a deep red center.	Full Sun	5-8' h x 4-7' w	Pink	June-September
Hydrangea p. 'Limelight'	Limelight Hydrangea Tree	Perfect for smaller gardens. Makes a great vertical accent in borders and decorative containers. Bright, lime-green flowers add a much needed brightness to the late summer landscape. In autumn the blooms display shades of pink, burgundy and green. Flowers on new wood.	Full Sun to Part Shade	8' h x8-10' w	Lime	July-August
Hydrangea p. 'Quickfire'	Quickfire Hydrangea Tree	Perfect for smaller gardens. Makes a great vertical accent in borders and decorative containers. Quick to bloom, a month earlier than other varieties. Flower buds start white and turn deep pink.	Full Sun to Part Shade	6-8' h x 6-8' w	Reddish	May-August
Hydrangea p. 'Vanilla Strawberry'	Vanilla Strawberry Hydrangea Tree	Foliage is upright with showy flowers which bloom on new growth from mid-summer to fall. Flowers open white, change to pink and finally mature to pinkish-red, with multicolored flowering occurring in late summer as new flowering stems emerge to join mature flowers.	Full Sun to Part Shade	6-8' hx 4-5' w	Pink	July-August

Magnolia 'Butterflies'	Butterflies Magnolia	Abundant 4-5" yellow, double flowers bloom look spectacular in the spring garden. Blossoms are held upright like butterflies alighting on a branch. Blooms appear in late spring which help to protect them from frosts in cool-spring climates. Pollution tolerant.	Full Sun	15-18' h x 8-10' w	Yellow	April-May
Magnolia k. 'Merrill'	Merrill Magnolia	This Magnolia produces masses of large white starry flowers in spring. Foliage emerges bronzy-green maturing to deep green.	Full Sun	40' h x 30' w	White	April-May
Magnolia s. 'Centennial Blush'	Centennial Blush Magnolia	Pink buds open to incredibly full and wonderfully fragrant pale pink flowers in spring on this beautiful magnolia. Centennial Blush is a prolific bloomer with flower buds formed at almost every node yielding a fantastic floral display of delicate pink covering the entire plant. Attractive medium green foliage on an interesting branching structure follows in the summer turning yellow to bronze in autumn.	Full Sun	12-18' h x 10-15' w	Pink	April-May
Magnolia s. 'Royal Star'	Royal Star Magnolia	Double, 3" white fragrant flowers bloom in spring. Try to avoid southern exposures since the buds will tend to open fastest in this location. Cold weather could cause the blooms to freeze. Good specimen or accent plant against a brick wall. Slow growing, 3-6' over 5-6 year period.	Full Sun	8-10' h x 8-10' w	White	April-May
Magnolia x. 'Ann'	Ann Magnolia	The red-purple flowers are 4" in diameter and bloom in early spring. Compact mounded form with dark green foliage.	Full Sun	8-10' h x 8-10' w	Pink	April-May
Malus 'Camelot'	Camelot Crabapple	This dwarf tree is noted for its rounded form, white flowers, red fruit and good disease resistance. Thick, leathery, dark green leaves emerge in spring with a burgundy tinge. Red buds open in spring to white flowers with pink tinges on the petals. Flowers are followed crabapples that age to burgundy red. Crabapples mature in fall and may persist into winter. Birds are attracted to the fruit. Fruit may be harvested for jellies.	Full Sun	8-10' h x 6-8' w	White	April
Malus 'Gladiator'	Gladiator Crabapple	Gladiator™ is an excellent ornamental tree with a profusion of bright pink flowers followed by small reddish-purple fruit on a stately, upright crown. Glossy bronze-purple leaves look lush all growing season long and have high disease resistance. Gladiator is an ideal ornamental tree for space-challenged sites including under power lines, as a small boulevard tree or planted in a row for a screen.	Full Sun	20' h x 9' w	Pink	May
Malus 'Prairiefire'	Prairiefire Crabapple	The true red blooms are later than most crabapples; good foliage retention during the summer. The fruit does not drop; glossy, dark-red bark has numerous prominent lenticels; disease resistant. Upright, spreading becoming rounded habit.	Full Sun	20' h x 20' w	Red	May-June
Malus 'Profusion'	Profusion Crabapple	This small crabapple is noted for its abundant pink centered purplish-red flowers with bronze-green foliage. Excellent disease resistance.	Full Sun	15-20' h x 30' w	Purple	May
Malus 'Royal Rain Drops'	Royal Raindrops Crabapple	An upright-spreading, disease-resistant, easy-to-grow, crabapple tree that features deeply lobed purple foliage which retains excellent color throughout summer. Magenta-pink single flowers in spring develop into tiny maroon-red crabapples that mature in late summer and excellent orange-red fall color.	Full Sun	15-20'h x 12-16'w	Pink	May
Malus 'Spring Snow'	Spring Snow Crabapple	One of the most showy white flowering crabapples with very abundant blooms that are slightly larger than other crabapple blooms. Does not produce fruit, which makes this a great landscape tree.	Full Sun	25-30' h x 15-20' w	White	May
Physocarpus o. 'Amber Jubilee'	Amber Jubilee Ninebark Tree	Now available in tree form. Selected for its striking foliage in glowing tones of orange, yellow and gold. With its bold array of colors, it will stand out as a lovely focal point in a small garden landscape. Delicate white blooms are produced in spring, and fall foliage is highlighted with tones of red and purple, making this ninebark appealing over the entire season. Plant in full sun for best performance.	Full Sun	5-6'h x 3-4'w	White	May
Prunus i. 'CarltonLT'	Little Twist Cherry	Dense, compact crown, with zigzagging, outward growing branches with white, single flowers with pink centres cover the branches. Green leaves follow the intense show of flowers and foliage turns a burgundy colour in the fall.	Full Sun	6'h x 6'w	White	May
Prunus s. 'Pendula Plena Rosa'	Double Weeping Higan Cherry	Graceful, weeping branches display a wonderful show of deep pink buds opening to double pale-pink flowers before the leaves arrive each season. A beautiful mushroom shaped lawn tree that puts on a spectacular show. A rapid grower.	Full Sun	12-15' h x 12-15' w	Pink	April-May
Prunus s. 'Hokkaido Normandale'	Spring Wonder Sargent Cherry	This upright vase-shaped tree is a native to Japan and flowers in early May with single pink flowers. The bark is a polished, reddish brown. New growth is purplish while the summer foliage a shiny dark green.	Full Sun	20-25'h x 18-24'w	Pink	May
Prunus x 'Snow Fountains'	Snow Fountains Cherry	Weeping branches are covered in spring with a fountain of snow-white flowers, made even more dramatic in contrast to the stunning mahogany-red bark of its grafted Tibetan cherry trunk. A beautiful and hardy small garden specimen tree.	Full Sun	12-15' h x 15-20' w	White	May
Prunus v. 'Canada Red'	Canada Red Chokecherry	New leaves emerge green and turn purple as they mature. Small white flowers in hanging clusters 3-5" long are produced in late spring. Edible fruits are small, reddish-purple and are relished by birds.	Full Sun	15-20' h x 15' w	White	May
Pyrus c. 'Autumn Blaze'	Autumn Blaze Flowering Pear	This tree has horizontal, symmetrical, open shape-different from other ornamental pear trees. It has glossy green foliage, white blooms and outstanding crimson-red fall color. Fast growing, 12 to 15' over 8-10 years.	Full Sun	35' h x 20' w	White	April-May
Pyrus c. 'Cleveland Select'	Cleveland Select Flowering Pear	More blooms than any other flowering pear. Evenly branched limbs with pyramidal form and superior branch structure that withstands ice and wind storm. Fruitless and tolerates urban conditions and heavy clay soils.	Full Sun	20-30' h x 20' w	White	April-May
Pyrus c. 'Glen's Form'	Chanticleer Flowering Pear	This is one of the hardier <i>calleryana</i> pears. An ideal street tree, it flowers a bit later and blooms better than 'Bradford'. Fall color is nice red-purple.	Full Sun	25-30' h x 15' w	White	April-May
Pyrus fauriei	Korean Sun Pear	This small ornamental pear is compact, has a dense growth habit and hardy disposition. It is a good tree for hedging, screening and used as a barrier. A good tree to have in small to medium-sized gardens. Has a glossy green foliage to tolerate heat. It changes to bright tones of red and orange in autumn, it also breaks bud quite early in spring.	Full Sun to Part Shade	12'h x 15'w	White	April-May
Salix c. 'Pendula'	Weeping Pussy Willow	A strongly weeping form of pussy willow on a standard, this tree is perfect for use as an accent or specimen plant for confined areas. Its large, silky soft catkins appear in early spring for a pretty effect.	Full Sun	5-8' h x 5-8' w		
Salix i. 'Hakaura Nishiki'	Hakaura Nishiki Willow Tree	A lovely tree form of this graceful willow. The slender trunk is topped with pink stems and buds that open to dappled green, pink and white foliage. Some leaves will be all white. A fabulous vertical accent for the border or large container. Best in partial shade.	Full Sun to Part Shade	5-6' h x 5-6' w		
Styrax j. 'Marley's Pink Parson'	Japanese Snowbell	Small and narrow with a weeping form and dark green foliage. Delightful true pink flowers with a light fragrance cover the canopy when in bloom. Highlighted by showy yellow foliage in the fall. Performs best in acidic well drained soil.	Full Sun	8-12' h x 4-6' w	Pink	May

Syringa m. 'Palibin'	Dwarf Korean Lilac Tree	Excellent rounded uniform habit. Reddish-purple buds open to single pink, fragrant flowers. Profuse bloomer at an early age.	Full Sun	4-8' h x 5-6' w	Pink	May
Syringa r. 'Bailance'	Snowdance Japanese Tree Lilac	The annually flowering tree lilac has an abundance of large, fragrant panicles of creamy white. The sterile variety produced no untidy, brown seedheads. Lustrous, dark green foliage is slightly larger and darker than the species.	Full Sun	18' h x 20' w	White	June
Syringa r. 'Ivory Silk'	Ivory Silk Lilac	This Sheridan Nursery selection has a sturdy, more compact, oval growth habit than Japanese tree lilac. A most attractive small flowering tree with cherry-like bark, it bears large creamy white flower clusters in early July.	Full Sun	25'h x 15'w	White	June
