

Botanical Name	Common Name	Description	Sun Exposure	Height x Width	Bloom Color	Bloom Time
Aesculus parviflora	Bottlebrush Buckeye	A stately specimen that forms a spreading, mounded shrub with tall, pyramidal spikes of white flowers. Extremely handsome lawn specimen. Shade tolerant. This shrub send up new shoots from the base which may grow 2-4' in a single season but is slow growing on old wood.	Full Sun to Part Shade	8-12' h x 8-15' w	White	July
Aronia m. 'Autumn Magic'	Chokeberry	Fragrant white flowers in spring, followed by clusters of large edible, dark purple-black berries which persist through the season. The leaves are dark, glossy green all season long and put on an incredible fall color show of red and purple. Tolerant of most soil types and slow grower.	Full Sun to Part Shade	4-6' h x 2-4' w	White	May
Aronia m. 'Lo Scape'	Chokeberry	Adaptable to most soils, this little beauty offers dark glossy foliage, loads of white flowers in spring, black summer fruit, and intense red autumn foliage.	Full Sun to Part Shade	1-2' h x 2-3' w	White	May
Berberis t. 'Admiration'	Admiration Barberry	This exciting dwarf red variety was selected for its show stopping bright orange-red foliage with contrasting yellow margins. Leaf color continues throughout the summer, turning brilliant red in fall. Broad, upright growth requires little or no pruning to maintain.	Full Sun	12-18" h x 18-24" h		
Berberis t. 'Concorde'	Red Leaf Japanese Barberry	Showy purple-red foliage all season long turns deep amber in fall. Dense branching habit makes a superb hedge or barrier plant. Moderate grower.	Full Sun	2' h x 3' w		
Berberis t. 'BailErin'	Lemoncello Barberry	Forming a tidy, round mound, this new barberry has chartreuse foliage with an unusual red, almost dotted, pattern around the leaf margin. Fall foliage is orange, yellow and red. The bright color and habit make it a good accent plant in foundation plantings.	Full Sun to Part Shade	3-4' h x 3-4' w	Yellow	May
Berberis t. 'Rose Glow'	Rose Glow Barberry	A sport of Red leaf barberry from Europe with attractive variegated foliage, yellow flowers and red fruit. Place in full sun for best color. An attractive specimen plant and can be used to create an interesting colored hedge.	Full Sun	3' h x 3' w	Yellow	May
Berberis t. 'BailJulia'	Tusconia Barberry	Toscana™ Barberry's large showy foliage emerges red in spring with a fine, bright yellow margin. The margin eventually fades through summer, but the foliage remains red. The red color darkens in autumn, taking on burgundy tones. This barberry forms an upright shrub with arching branches.	Full Sun	3-5' h x 2-3' w		
Buxus m. 'Green Velvet'	Green Velvet Boxwood	A broadleaf evergreen with a slow growing, rounded habit well suited for a low hedge. Had good green color in winter	Full Sun to Part Shade	2-3' h x 2' w		
Buxus x. 'Green Mountain'	Green Mountain Boxwood	Vigorous evergreen shrub with bright green foliage that retains good color through winter. Green Mountain's upright, naturally cone-shaped form makes it an excellent candidate for topiary forms--and a striking container or formal garden accent. Works well as a natural or shaped hedge as well.	Full Sun to Part Shade	5' h x 3' w		
Clethera a. 'Hummingbird'	Hummingbird Summersweet	Valued for its summer flower, tolerance of heavy shade and moist situations. Attractive lustrous deep green foliage and white flowers. Slow to medium grower.	Full Sun to Part Shade	3' h x 3-4' w	White	June-July
Clethera a. 'Rosea'	Ruby Spice Summersweet	A cultivar selected for vastly improved bright pink flowers that do not fade to white. Blooms in midsummer and has nice yellow fall color. Clethera is shade tolerant but will also withstand full sun.	Full Sun to Part Shade	3-6' h x 3-4' w	Pink	June-July
Cornus a. 'Bailhalo'	Ivory Halo Dogwood	This compact selection of Variegated Dogwood retains its beautiful variegated green and white foliage in summer and the attractive red twigs in winter.	Full Sun to Part Shade	5-6' h x 5-6' w		
Cornus a. 'Baton Rouge'	Baton Rouge Dogwood	Its naturally compact, bushy habit and vivid red stems, Baton Rouge™ offers amazing year round interest. White spring flowers are followed by white berries that are attractive to birds. Medium green foliage transforms to a brilliant reddish purple hue in autumn. Bright red stems of winter make a spectacular display.	Full Sun to Part Shade	3-4' h x 3-4' w	White	May
Cornus h. 'Garden Glow'	Garden Glow Dogwood	Attractive chartreuse foliage throughout the season. The glossy pointy leaves are ornamentally significant and turn an outstanding red in the fall. It has clusters of white flowers at the ends of the branches in late spring. It produces white berries in mid summer. The red	Part Shade	5' h x 5' w	White	May
Cornus s. 'Bailadeline'	Firedance Dogwood	Firedance™ is similar to 'Isanti' but has a much more compact, uniform habit. Our trials also show Firedance has less foliage problems than the species. White flowers in spring are followed by pretty white berries that are attractive to birds. The foliage turns a nice red-	Full Sun to Part Shade	3-4' h x 4-5' w	White	May
Cornus st. 'Farrow'	Arctic Fire Dogwood	A compact selection of the ever popular Red Twig Dogwood. Dark red winter stems a nonsuckering habit and compact form make this a beautiful addition to any garden.	Full Sun to Part Shade	3-4' h x 3-4' w	White	May
Corylus a. 'Purpleleaf Bailey Select'	Hazelnut	This native shrub produces edible nuts in clusters of 2 to 4. This large rounded plant is great for naturalizing the landscape. The pest-free	Full Sun to Part Shade	6-8' h x 6-8' w		
Cotinus c. 'Anco'	Golden Spirit Smokebush	This yellow-leaf Smokebush will bring unique hue to the garden. New foliage emerges with just a touch of red. Smoky yellow flowers appear in mid-summer followed by a fiery orange-red in fall color. Prefers well-drained soil in full or part sun.	Full Sun to Part Shade	8' h x 6' w	Yellow	June-July
Cotinus c. 'Royal Purple'	Royal Purple Smokebush	Foliage is rich, maroon-red and darkens to almost purplish-red or black; the panicles are also a purplish-red. Fall color is a very striking red. Could benefit from a rejuvenation pruning.	Full Sun to Part Shade	8-10' h x 8-10' w	Purple	June-July
Cotoneaster apiculatus	Cranberry Cotoneaster	A semi-evergreen shrub with an arching, wide spread habit. Small, short-stalked pink flowers bloom in early June. A slow grower, but growth, may be accelerated with regular fertilization.	Full Sun to Part Shade	2-3' h x 3-4' w	Pink	June
Cotoneaster apiculatus 'Tom Thumb'	Creeping Cotoneaster	It has a unique appeal because of its very shiny, small leaves that turn a brilliant red-crimson in the autumn. 'Tom Thumb' rarely produces flowers and fruit, but when it occurs, the blooms are small, pinkish-white. Then the very small, ¼", red fruit follow in autumn.	Full Sun to Part Shade	1-2' h x 4-6' w		
Deutzia g. 'Nana'	Nikko Slender Deutzia	A compact, spreading, almost groundcover type shrub that produces an abundance of snowy white flowers in mid to late May	Full Sun to Part Shade	2' h x 5' w	White	May-June
Deutzia x 'Yuki Cherry Blossom'	Yuki Deutzia	Perfectly pretty pink flowers on a deutzia. A shower of elegant pink flowers creates a carpet of color. Great for mass plantings because of its neat, mounded habit and burgundy-purple fall color, this tough, adaptable plant makes an excellent groundcover, especially on a	Full Sun to Part Shade	1-2' h x 1-2' w	Pink	May-June
Diervilla s. 'Cool Splash'	Cool Splash Dwarf Bush Honeysuckle	The cool foliage stays bright and clean right up until the first frost. Bunches of yellow blossoms adorn the plant in June and July. Easy to grow in a variety of soils, densely branched shrub that forms under ground suckers, developing colonies over time. Use in woodland settings or mass plantings for a spectacular effect.	Full Sun to Part Shade	3-4' h x 3-4' w	Yellow	June-July
Euonymus a. 'Compactus'	Dwarf Burning Bush	Dwarf form, bush, compact, corky barked plant. Excellent for hedges; brilliant fall color. Slow growing.	Full Sun to Part Shade	5-8' h x 5-8' w		
Euonymus a. 'Rudy Haag'	Rudy Haag Burning Bush	This very compact, slow-growing dwarf burning bush was selected at the Bernheim Arboretum for its consistent pink-red fall color, excellent habit and form. Plant 'Rudy Haag' in full sun for best performance.	Full Sun	4-5' h x 4-5' w		
Euonymus f. 'Roemertwo'	Gold Splash Euonymus	This shrub has large, round leaves displaying a wide golden-yellow edge. Excellent impulse appeal. Yellow fruit and orange seed are very showy and persistent. May be planted in sun or shade and adaptable to most soil types with the exception of heavy, wet soils. May be used for massing or for a spot of color.	Full Sun to Part Shade	4-5' h x 3' w		
Exochorda x. micrantha 'Bailmoon'	Pearlbush	(First Edition Lotus Moon Pearlbush) White round flower buds open to 5 petalled flowers that cover 90% of the shrub in April & May. Prune after flowering	Full Sun	4-5' h x 3-4' w	White	April-May
Forsythia 'Courtaneur'	Gold Cluster Forsythia	Abundant light yellow spring flowers are followed by light green foliage that acquires a purple cast in autumn. Its naturally compact form keeps pruning to a minimum. Ideal for urban gardens and low hedges.	Full Sun to Part Shade	4' h x 4' w	Yellow	May
Forsythia 'Minier Semis'	Show Off Starlet Forsythia	Starlet is a bright ball of yellow flowers in spring. This dwarf variety of forsythia is a mass of bright yellow spring flowers from base to tip	Full Sun to Part Shade	2-3' h x 2-3' w	Yellow	May
Fothergilla gardenii	Dwarf Fothergilla	A small shrub becoming a dense, rounded shrub at maturity. Creamy white fragrant flowers are produced in terminal spikes in spring. Prefers acid, peaty, but well-drained soil.	Full Sun to Part Shade	2-3' h x 2-3' w	White	April-May
Hamamelis vernalis	Vernal Witch Hazel	Small ribbon-like yellow or slightly reddish, fragrant flowers open in early spring. Flowers open on warm days, close tightly when the temperature is low. Makes a good screen or unpruned hedge. Brilliant yellow fall color.	Full Sun to Part Shade	10' h x 10' w	Yellow	January-March
Hibiscus s. 'Aarticus'	Rose of Sharon	This variegated hibiscus has blue green foliage with creamy white margins. Dark pink to lavender flowers add to the show in summer. At 3-4' in height and width, this is a great feature plant for smaller gardens or in patio containers.	Full Sun to Part Shade	3-4' h x 3-4' w	Pink	July-October
Hibiscus s 'Aphrodite'	Rose of Sharon	Upright shrub with large saucer shaped flowers that bloom from July until frost. Has dark pink flowers with a dark red eye. Valuable as a specimen plant. Prefers well-drained soil.	Full Sun to Part Shade	8-12' h x 6-10' w	Pink	July-October
Hibiscus s. 'Bali'	Rose of Sharon	Semi-double pure white flowers are highlighted with a bold purple-red center. Blooms July-September with 3-4" diameter flowers. The intermediate size is good for smaller spaces and the summer blooms are a welcome sight when color is in short supply.	Full Sun to Part Shade	5-7' h x 4-7' w	White	July-October

Hibiscus s. 'Fiji'	Rose of Sharon	Medium pink buds give way to semi-double flowers with a unique pattern, which slowly fades to light pink. A splash of deep red colors the center. The intermediate size is good for smaller spaces and the summer blooms are a welcome sight as the riot of spring color fades.	Full Sun to Part Shade	5-8' h x 4-7' w	Pink	July-October
Hibiscus s. 'Lavender Chiffon'	Rose of Sharon	Upright shrub with large saucer shaped flowers that blooms from July till frost. This beautiful hybrid has large, single lavender flowers with a lacy center and reddish eye.	Full Sun to Part Shade	8-12' h x 6-10' w	Lavender	July-October
Hibiscus s. 'Lil Kim'	Rose of Sharon	The only miniature Rose of Sharon available! Growing to only 3-4' tall, this unique little shrub creates many new landscape opportunities like mixed container and perennial beds. The pure white flowers are punctuated with a showy red eye and last for three days.	Full Sun to Part Shade	3-4' h x 3-4' w	White	July-October
Hibiscus s. 'Hawaii'	Rose of Sharon	A true blue, it will bring to mind the color of waters in paradise. Large showy blossoms are a lovely blue accentuated with red-purple heart.	Full Sun to Part Shade	5-8' h x 4-7' w	Blue	July-October
Hibiscus s. 'Summer Ruffle'	Rose of Sharon	Aptly named, this variegated hibiscus has blue green foliage with creamy white margins. Dark pink to lavender single flowers add to the show in summer. At 3-4' in height and width, this is a great feature plant for smaller gardens or in patio containers.	Full Sun to Part Shade	3-4' h x 3-4' w	Lavender	July-October
Hibiscus s. 'Tahiti'	Rose of Sharon	Gorgeous semi-double blooms will give you a feeling of the tropics from July till October. Deep pink-purple flowers are accentuated with a deep red center.	Full Sun to Part Shade	5-8' h x 4-7' w	Pink	July-October
Hydrangea a. 'Annabelle'	Annabelle Smooth Hydrangea	This plant thrives in shade! Large, double white flowers with dark green foliage. Blooms can be dried very nicely. Fast grower.	Part Shade	4-5' h x 4-6' w	White	June-July
Hydrangea a. 'Bounty'	Bounty Smooth Hydrangea	Hydrangea 'Bounty' has white, mostly sterile flowers that are smaller than 'Annabelle'. Flower heads are displayed on strong, sturdy stems and are less likely to flop after rain. Dark green foliage contrasts well with the white blooms. Reliably blooms on the new growth of the season.	Part Shade	5' h x 5' w	White	June-July
Hydrangea a. 'Abetwo'	Incrediball Hydrangea	A superb improvement, with giant blooms that have roughly 4 times as many flowers as 'Annabelle'. The show begins in midsummer with huge round blooms clustered atop sturdy branches that are surrounded by medium green oval leaves. Cut back in spring to promote flowering on summer wood.	Part Shade	4-5' h x 4-5' w	White	June-July
Hydrangea m. 'Bailmer'	Endless Summer Hydrangea	A mop-head hydrangea with the unique ability to bloom consistently on both new and old wood. The flowers grow up to 8" in diameter, with pink blooms in alkaline soils and blue blooms in acidic soils. Removal of spent flowers will encourage reblooming.	Part Shade	3-5' h x 3-5' w	Blue/Pink	June-October
Hydrangea m. 'Bloomstruck'	Endless Summer Bloomstruck Hydrangea	This showstopper explodes with Mophead blooms covering rounded, compact plants. Blooms mature to shades of purple or rosy red (depending on soil pH) extending the display into fall, followed by rich, burgundy-red foliage. Flowering occurs on both old wood and new growth on this variety, assuring flowers even after a severe winter.	Part Shade	2-4' h x 3-4' w	Blue/Pink	June-October
Hydrangea m. 'Blushing Bride'	Endless Summer Blushing Bride Hydrangea	The hydrangea will charm you with its pure white blossoms that mature to a blush-pink or blue depending on the soil acidity. Blooms all summer.	Part Shade	3-5' h x 3-5' w	White	June-October
Hydrangea m. 'Bailday'	Light-O-Day Hydrangea	It's variegated green and white foliage coupled with beautiful pink or blue lace cap blooms makes 'Light-O-Day' shine. A spectacular addition to the landscape.	Part Shade	3-5' h x 3-5' w	Blue	June-August
Hydrangea m. 'PIIHM-I'	Endless Summer Twist-n-Shout Hydrangea	An absolutely extraordinary reblooming lacecap hydrangea. Lacy deep-pink centers are surrounded by gorgeous blossoms of pink or periwinkle blue on both old and new wood all summer long, depending on soil type. Sturdy red stems and glossy deep green leaves turn red-burgundy in fall to offer year-round interest in the garden. Do not cut this plant back in spring.	Part Shade	3-5' h x 3-4' w	Pink	June-August
Hydrangea p. 'Bobo'	Bobo Hydrangea	Reaching to just three feet tall, it will be engulfed by enormous creamy white flowers in summer, providing a nonstop show until frost. Blossoms are held upright on strong stems, and continue to grow and lengthen as they bloom. In fall, flowers may turn a pinkish hue.	Full Sun to Part Shade	3' h x 3-4' w	White	July-September
Hydrangea p. 'Diamond Rouge'	Diamond Rouge Hydrangea	Without a doubt, Diamond Rouge® is the reddest H. paniculata on the market. This new variety has abundant, long lasting flowers on strong stems that start white and progress to pink, raspberry red and finally wine red. Flowers start blooming in July and take on red coloration earlier in the season than other pink paniculatas. Compared to Strawberry Sundae®, Diamond Rouge is slightly bigger and has distinct raspberry-red flowers that color earlier in the season.	Full Sun to Part Shade	4-5' h x 3-4' w	Red	July-September
Hydrangea p. 'Limelight'	Limelight Hydrangea	This Hydrangea has exquisite, bright, lime-green to cream flowers, as beautiful color that adds a much needed brightness to the late summer landscape. In autumn the blooms display shades of pink, burgundy and green. Excellent vigor and floriferous blooming. Prefers loamy, moist, well-drained soil. Flowers on new and old wood, can be pruned in winter or spring.	Full Sun to Part Shade	6-8' h x 5-7' w	White	August-September
Hydrangea p. 'Little Lamb'	Little Lamb Hydrangea	This Hydrangea is valued for the compact form and profuse white panicle blooms. Prefers well-drained, moist soil. Flowers on new and old wood, can be pruned in winter or spring.	Full Sun to Part Shade	4-6' h x 5' w	White	August-September
Hydrangea p. 'Little Quickfire'	Little Quickfire'	Like Quick Fire, it is early blooming, flowering about a month before other hydrangeas. White flowers transform to pink-red as summer progresses. This dwarf plant fits easily into any landscape, including container gardens.	Full Sun to Part Shade	3-5' h x 3-5' w	Pink	May-August
Hydrangea p. 'Jane'	Little Lime Hydrangea	A dwarf form of the extremely popular Hydrangea 'Limelight', Little Lime has the same great flowers but is about a third the size of the original. Soft lime-green flowers mature of pink and burgundy in fall. Flowers on new and old wood, can be pruned in winter or spring.	Full Sun to Part Shade	3-5' h x 3-5' w	White	August-September
Hydrangea p. 'Quick Fire'	Quick Fire Hydrangea	A Proven Winners Colorchoice flowering shrub. A very easy to grow Hydrangea with white flowers starting in May then turning pink and finally to a dark pink. Flowers on new and old wood, can be pruned in winter or spring.	Full Sun to Part Shade	3-4' h x 3-4' w	Pink	August-September
Hydrangea p. 'Renhy'	Vanilla Strawberry Hydrangea	This enormous flower panicles are a blend of vanilla and strawberry, held upright on red stems. They emerge creamy white in midsummer, change to pink and finally to strawberry-red. New blooms gives the plant a multicolored effect in late summer and early fall. The color persist for at least 3-4 weeks. Flowers on new and old wood, can be pruned in winter or spring.	Full Sun to Part Shade	6-7' h x 4-5' w	Pink	August-September
Hydrangea p. 'Rensun'	Strawberry Sundae Hydrangea	Flowers emerge creamy white in mid-summer, change to pink and finally to strawberry red. The fantastic flower color lasts well into fall. With its compact habit, this hydrangea adds spectacular color and impressive flowers to small space gardens or containers.	Full Sun to Part Shade	4-5' h x 3-4' w	Pink	August-September
Hydrangea q. 'Jet Stream'	Oakleaf Hydrangea	Jetstream™ is a quantum leap in oakleaf hydrangea introductions with a dense, compact, non-flopping habit. The lustrous dark green foliage is resistant to leaf spot and turns a fantastic orange-red in autumn. Flowers, held high on strong stems, are a beautiful white aging to pink. Jetstream is a classic native flowering shrub for the garden, grouping and massing. Exfoliating tawny-brown bark adds winter interest, as do the dried flower heads.	Full Sun to Part Shade	5-6' h x 4-5' w	White	August-September
Hydrangea q. 'Munchkin'	Oakleaf Hydrangea	Enjoy a profusion of large flower clusters, held against dark green, deeply lobed oak-like leaves. Robust blooms open white and age to pink, remaining upright even after heavy rain. Foliage turns brilliant mahogany in fall.	Part Shade	3' h x 3-4' w	Pink	August-September
Hydrangea q. 'Ruby Slippers'	Oakleaf Hydrangea	A profusion of exceptionally large, white blooms in summer, then quickly age to deep pink. Robust blooms remain upright even after heavy rains. Dark green, deeply lobed oak-like foliage turns brilliant mahogany in fall.	Part Shade	3.5' h x 4-5' w	Pink	August-September
Hypericum i. 'Kolmarest'	Red Star Hypericum	Red Star™ is covered with yellow blossoms in spring and clusters of red berries each fall. Fill your fall garden and floral arrangements with red hips. Hypericum can be used as a specimen plant or in drifts where they can truly show off. Rust resistant and easy-to-grow.	Full Sun	2-3' h x 2-3' w	Yellow	June-October
Hypericum f. 'Sunburst'	St. John's Wort	Bright golden-yellow flowers from June to mid-October. Excellent border plant. Treat as perennial in cold climates	Full Sun	2' h x 2-3' w	Yellow	June-October
Hypericum k. 'Cobalt n Gold'	St. John's Wort	This mounded grower has silver-green foliage blanketed with 3/4" sunny yellow flowers in late spring and early summer. This zone 4-7 hardy specimen attains a height of 2-3' and a spread of 4-5'. In fall, the leaves transform to yellow, orange, and red and reveal an attractive exfoliating bark.	Full Sun	2-3' h x 4-5' w	Yellow	June-October
Ilex x. m. 'Blue Duet'	Blue Princess & Blue Prince Duet Holly	Blue Prince and Blue Princess Holly brilliantly combined in one container eliminates the need for two separate plants for pollination. Fruit color is darker red than many other varieties accentuated by dark shiny foliage.	Full Sun to Part Shade	12-15' h x 8-10' w		

Ilex x m. 'China Duet'	China Girl and China Boy Duet Holly	This hardy broadleaf evergreen shrub has both male and female combined in one plant, eliminating the need for two separate plants for pollination. Rich, glossy, dark green holly foliage is accentuated by bright red berries that persist throughout the winter. Forms a compact upright shrub.	Full Sun to Part Shade	8-10' h x 6-8' w		
Itea v. 'Henry's Garnet'	Henry's Garnet Virginia Sweetpire'	Shrub valued for its racemes of fragrant white flowers that occur in June and July, when few other shrubs are in flower. Prefers moist, fertile soils and will do well in sun or shade. Foliage changes to scarlet and crimson in fall.	Full Sun to Part Shade	3-5' h x 4-6' w	White	June-July
Kerria j. 'Pleniflora'	Double Flowered Kerria	This large arching shrub provides 1" wide double yellow flowers that resemble roses. Yellow fall foliage and bright green stems in winter.	Full Sun to Part Shade	4-5' h x 6-9' w	Yellow	April-June
Kolkwitzia a. 'Dream Catcher'	Beautybush	Attractive golden yellow foliage gives this plant appeal long after the classic pink spring flowers are done Also, unique to this variety is its splendid golden-orange fall color.	Part Shade	6-9' h x 4-6' w	Pink	April
Leptodermis oblonga	Himalayan Leptodermis	A flowering sensation, this dainty gem displays fragrant violet-lilac-like blooms that blanket the deciduous shrub from late spring to frost. The beautiful blooms, along with a low mounding habit and medium green foliage make this a delight mixed in the front of the perennial border, rock garden or containers.	Full Sun to Part Shade	12-18" h x 12-18" w	Violet	May-October
Leucothoe f. 'Scarletta'	Scarletta Leucothoe	This shrub will enhance landscapes with a display of colors throughout the season. Spreading, arching branches form a mound of dense, evergreen foliage. New leaves are deep scarlet maturing to lustrous dark-green. Fragrant, bell-shaped white flowers bloom in spring.	Full Shade to Part Shade	3-4' h x 4-6' w	White	May
Myrica pensylvanica	Northern Bayberry	Narrow, broadly oblanceolate, leathery, glossy, grayish-green leaves are dotted with resin and aromatic when crushed. A mostly dioecious shrub. Flowers on female plants, if pollinated, are followed by attractive clusters of tiny, grayish-white fruits in late summer which usually persist through the winter, but are not particularly showy. The fruits are covered with an aromatic, waxy substance which is used to make bayberry candles, soaps and sealing wax. Fruits are attractive to birds.	Full Sun to Part Shade	5-10' h x 5-10' w		
Philadelphus x v. 'Miniature Snowflake'	Mockorange	This compact, prolific bloomer was selected at Bailey Nurseries for its dwarf habit and excellent flowering. The double white flowers are extremely fragrant.	Full Sun to Part Shade	2-3' h x 2-3' w	White	April-May
Physocarpus o. 'Donna May'	Little Devil Ninebark	This dwarf variety will add deep burgundy foliage color to any garden. Low maintenance shrub can be added to any garden as a specimen or a hedge. Disease and pest free.	Full Sun	3-4' h x 3-4' w	White	June-August
Physocarpus o. 'Jefam'	Amber Jubilee Ninebark	Glowing tones of orange, yellow and gold with a rounded and dense habit, this shrub with its bold array of colors will stand out in your garden. Delicate white blooms are produced in spring, and fall foliage is highlighted with tones of red and purple.	Full Sun	5-6' h x 4' w	White	May-July
Physocarpus o. 'Seward'	Summer Wine Ninebark	Improved variety with neat, compact branching and fine, deeply cut, dark crimson-red leaves. Requires little pruning. Pinkish-white flowers in midsummer show nicely against the foliage.	Full Sun	5-6' h x 5-6' w	White	June-August
Potentilla f. 'Bailmeringue'	Lemon Meringue Potentilla	Talk about flower power! This new Potentilla, bred at the Morden Research Centre in Manitoba, Canada has light yellow double flowers that might remind you of a rose. Blooms all summer on a tidy little plant that forms a round, compact ball with little pruning required.	Full Sun	2-3' h x 2-3' w	Yellow	June-August
Potentilla f. 'Fargo'	Dakota Spot Potentilla	Deep golden yellow 1" flowers produced for months on this small compact shrub.	Full Sun	2-3' h x 3-4' w	Yellow	July-October
Potentilla f. 'U Man'	Mango Tango Potentilla	This variety has striking bicolor flowers that display shades of orange and red radiating from the center of the flower petal over a base color of deep yellow. A tidy, compact mound and is at its best in full sun.	Full Sun	2' h x 2' w	Yellow	July-October
Rhododendron 'Millenium'	Millenium Rhododendron	Fragrant, deep red flowers with a pale orange flare are set off by blue-green, mildew resistant foliage. The underside of the foliage is an attractive silver. A late bloomer, early to mid July, that stand up to the heat. Cold hardy, compact grower. Prefers moist, well drained soil.	Full Sun to Full Shade	4-5' h x 3-4' w	Red	July
Rhododendron 'P.J.M.'	P.J.M. Rhododendron	One of the hardiest Rhododendrons for the upper Midwest. Masses of mauve flowers bloom in spring putting on a spectacular show. An evergreen, with glossy green foliage throughout the growing season, changing to pleasing purple in the fall. Needs acid, moist, well drained soil.	Full Sun to Full Shade	3-5' h x 6-8' w	Pink	April-May
Rhododendron x. 'Purple Gem'	Purple Gem Rhododendron	A dense, slow-growing, dwarf shrub with azalea-like, evergreen foliage. Highly prized for its unusual purplish-blue flowers. Desirable for its small size. Some protection from winter is helpful.	Full Sun to Full Shade	2-3' h x 2' w	Purple	April-May
Rhus a. 'Gro-Low'	Gro-Low Fragrant Sumac	Excellent for mass beds and back control, this low growing sumac has fragrant small yellow flowers in spring followed by velvety red fruit. The fall foliage is spectacular scarlet-red to orange. Best when planted in full sun.	Full Sun to Part Shade	2-3' h x 6-8' w	Yellow	April
Rhus t. 'Baltiger'	Tiger Eyes Cutleaf Staghorn Sumac	A beautiful golden leaved form of Cutleaf Staghorn Sumac. New growth is lively chartreuse green, quickly changing to yellow, both colors contrast nicely with the rosy-pink leaf stems. The branches angle upward while the deeply cut leaflets drape downward, giving it a rather oriental look.	Full Sun	6' h x 6' w		
Salix discolor	Pussy Willow	Hardest of all Pussy Willows. Large shrub or small tree up to 20' with silvery catkins appearing before the leaves. Deep brown branches.	Full Sun to Part Shade	20' h x 15' w		
Salix i. 'Hakuro Nishiki'	Dappled Willow	A lovely small shrub with pink stems and buds that open to dappled green, pink and white foliage. Some leaves will be all white. The stems are graceful and spreading. Best in partial shade. Fast growing to 15-20' high and wide, though it can be easily maintained with vigorous pruning.	Full Sun to Part Shade	4-6' h x 4-6' w		
Sambucus n. 'Eva'	Black Lace Elderberry	The dark purple, finely cut foliage has an exotic appeal usually found only in Japanese Maples. Pink buds open to lacy white blossoms in May and June. Excellent specimen plant and also attractive in large containers.	Full Sun to Part Shade	8-10' h x 8-10' w	Pink	May-June
Sorbaria s. 'Sem'	Ash Leaf Spirea	Large plumes of creamy white flowers in June with pretty fern-like foliage. Best for naturalizing where it can be allowed to spread. Mass for erosion control. Prefers moist, well-drained, organic soil.	Full Sun to Part Shade	3-4' h x 4-5' w	White	July-August
Spirea b. 'Glow Girl'	Glow Girl Birchleaf Spirea	Buds with hints of red in them open to white spring flowers. Sunny yellow foliage holds its color well, and the full, compact habit is very attractive. Also, it doesn't burn in the summer and has great fall color.	Full Sun to Part Shade	3-5' h x 3-4' w	White	April-June
Spirea b. 'Pink Sparkler'	First Edition Pink Sparkler Birchleaf Spirea	Beautiful pink flowers emerge in early summer and then re-bloom in fall. As an added bonus fall flowers appear down the stem, giving an even fuller appearance and pop of pink. The leaves also turn a lovely burgundy red in autumn.	Full Sun to Part Shade	3-4' h x 3-4' w	Pink	May-June
Spirea j. 'Double Play Artisan'	Double Play Artisan Spirea	Red new growth in spring is followed by fuchsia summer flowers. Compact mound. Deer resistant. Very low maintenance.	Full Sun to Part Shade	2-3' h x 2-3' w	Pink	May-June
Spirea j. 'Double Play Red'	Double Play Red Spirea	Double Play Red is a flower color breakthrough, the first and only spirea with true red flowers. Add in showy dark burgundy spring foliage and you've got the perfect double play!	Full Sun to Part Shade	2-4' h x 2-3' w	Red	May-June
Spiraea j. 'Magic Carpet'	Magic Carpet Spirea	Vibrant red shoots emerge in spring and mature into rich bronze, red tipped foliage. Clusters of deep pink flower nicely contrast with the foliage. In fall foliage turns to rich russet.	Full Sun to Part Shade	18" h x 2' w	Pink	June-July
Spirea n. 'Snowmound'	Snowmound Spirea	Easy to grow, compact shrub with graceful, spreading branches and spectacular clusters of white flowers in mid to late spring. Use at the back of the border or as an accent.	Full Sun to Part Shade	3-5' h x 3-5' w	White	May-June
Spiraea x b. 'Bailcarol'	First Editions Sundrop Spirea	Beautiful sprays of pink flowers in early summer stand out against petite, golden foliage. A natural dwarf with a rounded habit, requires little or no pruning. Hardier than other golden leaf varieties of Spirea. Foliage holds its golden-yellow color even in the summer heat.	Full Sun to Part Shade	12-15" h x 2-3' w	Pink	June-July
Spiraea x b. 'Denistar'	Superstar Spirea	This variety of Spirea is smaller and more compact. New foliage is stunning, scarlet red. Pink blossoms grace that plant all summer long. The three season appeal continues with excellent bronze fall color.	Full Sun to Part Shade	2-3' h x 3-4' w	Pink	May-September
Spiraea x v. 'Renaissance'	Renaissance Bridalwreath Spirea	Selected for increased resistance to foliar disease, this graceful shrub features a massive display of pure white flowers and colorful orange-red fall color. Very attractive as a specimen plant or in mass plantings. Tolerates wide range of soil conditions and is very cold hardy.	Full Sun to Part Shade	5' h x 5' w	White	April-May
Symphoricarpos x. d. 'Kolmatics'	First Editions Sweet Sensation Coralberry	Plump, rose-pink berries ripen in early fall. As the leaves drop in autumn, each arching stem is adorned with the decorative berries that remain on the slender branches all winter. Suitable for a more prominent place in the front of the border. Especially pretty dusted with snow.	Full Sun to Part Shade	3' h x 3' w	Pink	May-June
Syringa m. 'Palibin'	Dwarf Korean Lilac	Unusual dwarf variety with excellent, uniform habit. Reddish-purple buds open to single, whitish-pink, fragrant flowers. Profuse bloomer at an early age. Slow growing.	Full Sun	4-5' h x 5-7' w	Pink	May

Syringa p. 'Miss Kim'	Miss Kim Lilac	This hardy Lilac from Korea has purple buds that open to single, fragrant, pale lilac flowers when other lilacs have finished. Beautiful burgundy-red fall color. Slow growing.	Full Sun	5' h x 3-6' w	Purple	May
Syringa vulgaris	Common Purple Lilac	This old-fashioned Lilac is the one most of us remember from our youth. A perfect informal hedge or screen, it has extremely fragrant, purple flowers in May. Color may vary from purple to lilac an occasionally even white. The cut flowers hold up very well, and easily fill a house with their fragrance.	Full Sun	12-15' h x 8-12' w	Purple	May
Syringa v. 'Beauty of Moscow'	Common Lilac	A Russian hybrid, 'Beauty of Moscow' (also known as 'Krasavitsa Moskvj' and 'Pride of Moscow'), offers abundant double white flowers that open from light pink buds. This vigorous variety can reach 10-12' tall with a spread of 8'. Very fragrant and stunning in full bloom.	Full Sun	10-12' h x 8-10' w	White	May
Syringa v. 'Sensation'	Sensation Lilac	Single purple florets and distinctive pure white border. An outstanding and unique lilac.	Full Sun	8-10' h x 8-12' w	Purple	May
Syringa x. 'Bailbelle'	Tinkerbelle Lilac	An abundance of flowers, scent and form. Deep red buds appear in spring, opening to 5-inch long panicles of gloriously pink flowers in mid to late spring.	Full Sun	5-6' h x 4-5' w	Pink	May
Syringa x. 'Penda'	Bloomerang Lilac	Enjoy classic Lilac fragrance for months instead of weeks! This revolutionary new type of lilac blooms in spring, and after a short rest during the heat of summer, it flowers again, right up until frost. Compact, mounded shape fits easily into any landscape, and is ideal as a hedge or foundation planting.	Full Sun	4-5' h x 4-5' w	Purple	May-August
Viburnum 'Cayuga'	Cayuga Viburnum	Produces abundant blooms with pink buds that one to white flowers in May. Dark green, shiny, medium textured foliage during summer. Rounded, dense shrub with stiff upright branches. Very fragrant.	Full Sun to Part Shade	4-6' h x 4-5' w	White	May
Viburnum carlesii	Koreanspice Viburnum	Beautiful flowers and outstanding fragrance. Pink to reddish buds one to white blooms in April and May. Best planted where the fragrance can be enjoyed.	Full Sun to Part Shade	4-5' h x 4-8' w	White	April-May
Viburnum d. 'Christom'	Blue Muffin Arrowwood Viburnum	Loads of white flowers in spring followed by rich blue berries lovely by birds. Great for low hedges, foundation plantings or for containers. Moderate grower.	Full Sun to Part Shade	3-5' h x 3-5' w	White	May-June
Viburnum o. 'Roseum'	Common Snowball Viburnum	Masses of pure white snowball-like flower cluster make a showy display in summer. Bright green leaves have a purplish-red fall coloring.	Full Sun to Part Shade	10-12' h x 10-12' w	White	April-May
Viburnum t. 'Bailey Compact'	Bailey Compact Cranberry Viburnum	Rounded, compact shrub with beautiful, green foliage which turns deep red in autumn. Superb as a hedge or as a specimen.	Full Sun to Part Shade	4-5' h x 3-4' w	White	May-June
Viburnum x. juddii	Juddii Viburnum	Wonderfully fragrant blooms in spring and a full rounded form make this shrub a standout in the landscape. Large, rounded blooms are followed by highly ornamental berries. Autumn fruits are red black. Foliage turns purple red in the fall.	Full Sun to Part Shade	6-8' h x 6-8' w	White	May-June
Weigela f. 'Kolmagira'	Rainbow Sensation Weigela	Even before the first flowers appear, Rainbow Sensation will brighten your garden with its attractive, variegated foliage. Dense clusters of soft pink flowers bloom profusely in May.	Full Sun	3-4' h x 3-4' w	Pink	May-June
Weigela f. 'Pink Sonic Bloom'	Pink Sonic Bloom Weigela	Loads of hot pink flowers in May are followed by waves of blooms until frost. No deadheading is needed to see strong reblooming through summer and fall.	Full Sun	4-5' h x 4-5' w	Pink	April-September
Weigela f. 'Red Sonic Bloom'	Red Sonic Bloom Weigela	The lipstick red flowers are remarkable enough to make this a choice selection, but a burst of flowers in May followed by waves of rebloom until frost make it a must-have shrub. Deadheading is not needed to keep the plant blooming.	Full Sun	4-5' h x 4-5' w	Red	April-September
Weigela f. 'Shining Sensation'	Shining Sensation Weigela	Attractive burgundy foliage offers months of blooming. Pink funnel shaped flowers are present in May through June and sporadically throughout summer. Very fast grower.	Full Sun	5' h x 6' w	Pink	May-June
Weigela f. 'Spilled Wine'	Spilled Wine Weigela	Its hot pink-magenta flowers are similar to those of Wine & Roses, but this is a smaller plant that is wider than it is tall. Its foliage, a dark black-purple with an attractive wavy margin, will not fade to green like some older selections. The tubular flowers are adored by Hummingbirds!	Full Sun	1-2' h x 2-3' w	Pink	May-June
Weigela f. 'Red Prince'	Red Prince Weigela	This cultivar holds its red flower color as the blooms age rather than taking on a purplish tint which often happens with other varieties. 'Red Prince' may bloom again in late summer, particularly if the spring bloom was sparse.	Full Sun	5-6' h x 5-6' w	Red	May-June
Weigela f. 'Verweig'	My Monet Weigela	Colorful green, pink and white foliage provides long season interest while the bright pink blooms in spring are the icing on the cake.	Full Sun	12-18" h x 18-24" w	Pink	May-June
Chamaecyparis p. 'Dow Whiting'	Soft Serve False Cypress	Evergreen with soft, bright green leaves flecked silver blue underneath. Compact. Elegant soft texture. Deer resistant.	Full Sun	6'-10" h x 6-7' w		
Juniperus c. 'Blueberry Delight'	Blueberry Delight Juniper	Blueberry Delight' has attractive powder blue foliage with silver stripes. The needles are ornamentally significant and turn coppery-bronze in fall. The flowers are not ornamental. It features an abundance of magnificent cones that look like blueberries from late spring right through to late winter. Birds go crazy for them. Perfect for massing in the landscape. Deer resistant.	Full Sun	1-2' h x 3-5' w		
Juniperus c. 'Gold Cone'	Gold Cone Juniper	This dwarf evergreen makes a strong vertical statement in the landscape with its canary-yellow tipped foliage. Female plants bear the bluish-gray Juniper berries.	Full Sun	3-5' h x 2-3' w		
Juniperus sq. 'Blue Star'	Blue Star Juniper	A low, rounded, squat plant, about as broad as it is high. Juvenile foliage is a rich blue turning to silver-blue as the plant matures. High humidity and hot summer nights may affect the foliage color. Slow grower.	Full Sun	3' h x 3-4' w		
Juniperus x. 'Daub's Frosted'	Daub's Frosted Juniper	Golden yellow, frosted foliage tips create a striking contrast with the pendulous, blue green mature foliage. A good selection for mass plantings or a groundcover for hot, dry banks.	Full Sun	15' h x 5' w		
Microbiata decussate	Russian Cypress Tree Form	Graceful, densely branched evergreen now in tree form. Feathery foliage is bright green in summer turning bronze in winter. Grows in both full sun and full shade.	Full Sun to Full Shade	3' h x 3' w		
Picea a. 'Nidiformis'	Bird's Nest Spruce	A beautiful dwarf, spruce, broad, dense and very slow growing. Light green foliage on spreading branches rises up slightly with nodding tips. Tight, many layered branches create nest-like compact form, requires little maintenance. Very hardy and wind resistant. Slow growing.	Full Sun	3-5' h x 4-6' w		
Picea a. 'Pumila'	Dwarf Norway Spruce	Pumila Norway Spruce has dark green foliage which emerges light green in spring. The needles remain dark green through the winter. Neither the flowers nor the fruit are ornamentally significant. The smooth gray bark is not particularly outstanding.	Full Sun	2-4' h x 3-5' w		
Picea pungens	Colorado Blue Spruce	This beautiful spruce varies in color from gray-green to blue-green. A broad, pyramidal shaped evergreen. The dense foliage needs little shearing. Excellent specimen, hedge or wind break. Likes fully exposed, well-drained locations. Best in full sun.	Full Sun	60' h x 10-20' w		
Picea p. 'Fastigiata'	Columnar Blue Spruce	Blue new growth turns silvery-blue with age. A truly unique specimen that provides year round garden interest. Slow growing and very low maintenance. Great for confined spaces or as a screen.	Full Sun	15' h x 2-3' w		
Picea p. 'Glauca Slenderina Pendula'	Slenderina Weeping Blue Spruce	More upright than prostrate, this blue spruce has a graceful upward, yet weeping habit and strong electric blue color. Average growth rate is 8-10" per year; no pruning or shaping is required.	Full Sun	15-18' h x 10-15' w		
Picea p. 'Glauca Globosa'	Globe Blue Spruce	Compact round to mound shaped with beautiful blue foliage. Valuable as a specimen plant.	Full Sun	3-5' h x 5-6' w		
Pinus mugo pumilio	Mugo Pine	dwarf, bright green color in all seasons. Attractive mounded shape that can be maintained by pruning. Especially nice in early summer when new 'candles' of growth appear. Very hardy and rugged.	Full Sun	3-5' h x 3-6' w		
Pinus f. 'Vanderwolf's Pyramid Limber Pine'	Vanderwolf's Pyramid Pine	Distinctive, pyramid shaped pine with long, twisted silvery blue-green needles displayed on dense branches. A superior selection for lawn specimen and accent. Resistant to insects and disease.	Full Sun	20-25' h x 10-15' w		
Taxus x. m. 'Densiformis'	Dense Spreading Yew	Broad spreading Yew with a dense, upright habit. Rich, dark green foliage. Medium fast-grower.	Full Sun	4-6' h x 4-5' w		
Taxus x. m. 'Citation'	Citation Yew	This upright evergreen features dark green foliage on a very narrow, columnar form. Ideal for use as a screen or hedge in a shaded to partially shaded location. Shape easily maintained by pruning or shearing. Required good soil drainage.	Full Sun	6-10' h x 3-6' w		
Thuja o. 'BailJohn'	First Edition Technito	Technito has the attractive dark green color of 'Techny' and retains it through winter just as well. This cultivar, being noticeably more dense, is an improvement because it will require less shearing.	Full Sun to Part Shade	6' h x 30" w		
Thuja o. 'Bobazam'	Mr. Bowling Ball Arborvitae	An excellent choice for low-maintenance landscape. This versatile, perfectly round evergreen can be used in borders, rock gardens, to enhance foundation plantings or highlighted as a specimen. The foliage varies dramatically from more common arborvitae. Soft, finely textured needles are sage green and almost feathery. Prefers well-drained soils and full sun but tolerates some shade.	Full Sun to Part Shade	2-3' h x 2-3' w		

Thuja o. 'Congabe'	Firechief Arborvite	A nearly perfectly globe-shaped shrub with fine, bright golden spring foliage and fantastic deep red fall color. This sport of the popular Rheingold has deeper color and is less prone to spitting. A slow-growing, low maintenance evergreen perfect for massing in a landscape foundation or as a rock garden specimen.	Full Sun	4'h x 4'w		
Thuja o. 'Golden Champion'	Golden Champion Arborvite	Golden Champion Arborvitae has attractive yellow foliage which emerges gold in spring. The scale-like leaves are ornamentally significant and turn harvest gold in fall. Neither the flowers nor the fruit are ornamentally significant. The shaggy indian red bark is not particularly outstanding	Full Sun	7'h x 5'w		
Thuja o. 'Hetz Midget'	Hetz Midget Arborvite	Small evergreen shrub has dense, globe shaped growth habit. Rich green needles are arranged in flat layered sprays. The compact form makes this a popular accent plant for mixed borders or containers. Very adaptable, tough, durable plant.	Full Sun to Part Shade	3-4' h x 3-4' w		
Thuja o. 'Highlights'	Highlights Arborvite	Exceptional new variety with intense, yellow-gold foliage. Better than others, because it holds its bright color year-round, even through winter. Thrives in summer heat without burning, if watered regularly. Tight, upright pyramidal form becomes conical with age. Excellent garden specimen or hedging shrub.	Full Sun to Part Shade	8-12' h x 4-5' w		
Thuja o. 'Holmstrup'	Homstrup Arborvite	This densely branched, narrow conical evergreen has a neat, formal appearance. Effective landscape accent, windbreak or screen. Creates an attractive frame when planted in pairs.	Full Sun to Part Shade	5-7' h x 2-3' w		
Thuja o. 'Smargd'	Emerald Arborvitae	Narrow, compact pyramidal form with bright lustrous emerald green foliage in vertical sprays. Does not discolor like many forms; excellent heat tolerance and very cold hardy. Slow to moderate grower.	Full Sun to Part Shade	10-15' h x 3-4' w		
Thuja p. 'Grovepl'	Spring Grove Arborvitae	A superior selection with dark green, glossy foliage that maintains its color well even in winter. Perfect for creating privacy, Spring Grove is a fast growing, well-behaved hedge or screen. It has also resistance to deer browsing. Prefers full sun to partial shade and is adaptable to many soil types.	Full Sun to Part Shade	18-24' h x 3-6' w		
Actinidia kolomikta	Kolomikta Vine	A colorful vine with heart-shaped, pink, green and white variegated leaves. Some are half pink or cream and others are green, others may have pink or cream tips. Male form of the Kolomikta vine.	Full Sun to Part Shade	12-15' h		
Campsis r. 'Stromboli'	First Edition Atomic Red Trumpet Vine	Dark red buds open into red-orange trumpet-like flowers which deepen in color as they mature to an incredibly bold red. Tubular flowers are larger than other varieties. A vigorous vine will climb on stone or wood work.	Full Sun to Part Shade	30-40' h	Red	August-September
Celastrus s. 'Bailumn'	First Editions Autumn Revolution Bittersweet	A revolutionary breakthrough in Bittersweet culture. Imagine never having to wonder if you're buying a male or female plant again? The majority of the flowers are perfect, meaning that the flower itself has both male and female parts. In other words you only need one plant! Beautiful orange to red fruit in early fall.	Full Sun to Part Shade	15-25' h	White	August-September
Clematis 'Boulevard Giselle'	Boulevard Giselle Clematis	Beautiful deep pink blooms fade out to a pale pink with dark contrasting stamens. Compact bushy habit is ideal for growing in containers on a patio or in small space gardens. Long flowering period from late spring through summer.	Full Sun to Part Shade	3-4' h	Pink	May-September
Clematis 'Boulevard Samaritan Jo'	Boulevard Samaritan Jo Clematis	The striking white blooms with light purple margins along the edges form a bright clean color combination to match the dynamic form. The vigorous Samaritan Jo™ flowers for 6 months, contributing a staple of elegance and purity that complements so many other species.	Full Sun to Part Shade	4-5' h	White	May-September
Clematis 'Boulevard Zara'	Boulevard Zara Clematis	This prolific, compact climber offers large, lilac-blue flowers over a long bloom season. Supplies easy, colorful vertical interest to any garden fence or trellis, or shrub beds if allowed to meander. Smaller stature makes this a great choice for a container on patio or veranda.	Full Sun to Part Shade	4-5' h	Lt Blue	May & September
Clematis 'Bourbon'	Bourbon Clematis	The red 5-6" flowers with intense pink bars of Clematis Bourbon highlight the contrasting yellow anthers. Blooms July to early August. Shorter in length, this variety is perfect for growing in containers but equally content when grown in the ground and clambering up a trellis.	Full Sun to Part Shade	4-5'	Red/Pink	June-August
Clematis 'Diamantina'	Diamantina Clematis	This is a double-flowered Clematis, with blooms up to 6 inches wide, that flowers very heavily in early season, then repeats more modestly in summer and fall. The flowers seem to last forever, and the plant is compact enough for containers.	Full Sun to Part Shade	8-10' h	Blue	May & September
Clematis 'Dr. Ruppel'	Dr. Ruppel Clematis	Clematis 'Dr. Ruppel' is an amazing display when in full bloom. Look for bright coral pink 8" blooms that are white edged and barred in the middle with an almost magenta color.	Full Sun to Part Shade	8-10'h	Pink	June-August
Clematis 'Fireworks'	Fireworks Clematis	Spectacular 7-8" blue-purple petals with a red bar down each petal. Petals are somewhat twisted, giving a pinwheel effect. Group 2 pruning.	Full Sun to Part Shade	8-10' h	Bicolor	May-July
Clematis 'Happy Jack'	Happy Jack Clematis	Velvety plum-purple flowers with intriguing center highlights and bright yellow stamens characterize this version of the ever-popular 'Jackmanii' clematis. This early and long-flowering beauty blooms from mid-summer into fall, and is noted for its intense purple flower color and large (3-5" blooms). It flowers on new wood and old wood so you simply prune it back to 2 feet each spring.	Full Sun to Part Shade	6-8'	Purple	June-August
Clematis 'Jackmanii'	Clematis	Jackmanii features profuse, 5-7", open, four-sepaled, violet-purple flowers cover this vine in mid to late summer	Full Sun to Part Shade	7-10'	Purple	July-September
Clematis 'Killian Donahue'	Killian Donahue Clematis	One of the most dramatic Clematis ever, with flowers ranging at any given time from shades of deep ruby-red, brilliant fuchsia, to lavender with orchid-pink highlights. Outstanding rebloomer with full branching habit.	Full Sun to Part Shade	8-10'	Pink	May-August
Clematis 'Nelly Moser'	Nelly Moser Clematis	Pale pink with red bar down the middle of each petal. Group 2 pruning.	Full Sun to Part Shade	8-10' h	Bicolor	July-September
Clematis 'Niobe'	Niobe Clematis	Flowers are dark ruby-red, 6" free flowering. Good cut flower. Group 2 pruning.	Full Sun to Part Shade	8-10' h	Red	July-September
Clematis 'Pink Champagne'	Pink Champagne Clematis	5" deep rosy-pink, very free flowering, compact plant. Group 2 pruning.	Full Sun to Part Shade	8-10' h	Pink	May-June & August-September
Clematis 'Rebecca'	Rebecca Clematis	Massive 5- to 7-inch blooms in a shade of magenta-red seldom seen in nature cover this climber not once but twice a season.	Full Sun to Part Shade	6-8' h	Red	May & September
Clematis 'Sapphire Indigo'	Sapphire Indigo Clematis	A nearly continuous blooming habit on this compact vine will provide stunning masses of large, sapphire blue flowers over a long season. Train as a climber, or grow without support as a showy, shrubby groundcover. Stunning in containers or hanging baskets.	Full Sun to Part Shade	4'	Purple	May-July
Clematis 'Sweet Autumn'	Sweet Autumn Clematis	Handsome climbing vine displays billowy masses of fragrant flowers against leathery dark green leaves. Grows rapidly in warm temperatures, its twining stems quickly covering fences, arbors and sheds. Flowers emerge late summer to fall, followed by silvery seed	Full Sun to Part Shade	20'	White	July-September
Clematis 'Sweet Summer Love'	Sweet Summer Love Clematis	Vibrant shades of lush cranberry/violet in hundreds of starry blossoms. Imagine! A Sweet Autumn Clematis in new colors and blooming earlier and longer. Flowers emerge deep red, turn to purple red, and then mature to violet. A spectacular fall show. Proven Winners®	Full Sun to Part Shade	12'	Purple	July-September
Clematis 'Victor Hugo'	Victor Hugo Clematis	A free flowering clematis that is covered with 3" violet flowers that have dark violet tipped anthers.	Full Sun to Part Shade	1-3' h x 3-4' w	Violet	July-September
Hydrangea a. petiolaris	Climbing Hydrangea	One of the best vines for clinging to brick or stone walls. The white flowers are produced in flat-topped corymbs in late June or early July, 6-10" in diameter with a sweet fragrance. Does well in sun or shade.	Part Sun to Full Shade	15-25' h	White	June-July
Lonicera x. b. 'Dropmore Scarlet'	Dropmore Scarlet Honesuckle	Long blooming season of showy tubular flower clusters backed by attractive blue green foliage. Handsome, dense vine for fences, arbors, even as a groundcover. Long lasting red berries follow the blooms.	Full Sun to Part Shade	10-20'	Red	June-August
Lonicera x. h. 'Goldflame'	Goldflame Honesuckle	Woody vine valued for its rosy-red and yellow flowers from June until frost. Fragrant flowers continue as new growth develops. Attractive oval blue-green foliage on purplish-red glabrous stem. Shade tolerant.	Full Sun to Part Shade	10-20' h	Yellow	June-October
Parthenocissus q. 'Engelmannii'	Engelman Ivy / Virginia Creeper	Self-cleaning green foliage turning scarlet-red in fall with black-blue fruit in September. Vigorous grower.	Full Sun to Part Shade	30' h		
Wisteria m. 'Betty Mathew'	First Editions Summer Cascade Wisteria	Sweetly fragrant lavender-blue flowers appear in June. Most floriferous in full sun. Perfect for training on arbor or pergola.	Full Sun to Part Shade	15-25' h	Purple	May
<b>Fruits</b>						
<b>Apple</b>						
Colonade Maypole		An exciting new columnar type of tree that grows straight up with many narrow side branches. The fruit is borne on branches as well as the main leader. The incredibly unique form will allow those with the smallest of yards with just two square feet of space. Mainly a	Full Sun	8-10' h x 2' w		

Honeycrisp		An exciting apple that is exceptionally crisp and juicy. Flavor is sweet but well-balanced. Excellent storage life, up to 7 months. Has been rated equal to or higher in overall quality. Ripens in late September. Needs a pollinator.	Full Sun	20' h x 15' w		
Snow Sweet		Another example of the University of Minnesota's expertise in the development of cold hardy apple varieties. A cross between 'Sharon' and 'Connell Red', SnowSweet® has a deliciously sweet, slightly tart taste. Slow to oxidize when exposed to air. 'Honeycrisp' is a good pollinator. Above average resistance to scab and fire blight.	Full Sun	12-16' h x 10-14' w		
Triple Play Mid		Three mid-season blooming apple trees in one container to form a clump. Enjoy 'Honeycrisp', 'Sweet 16' and 'Cortland' for eating or cooking. No pollinator needed.	Full Sun	20' h x 15' w		
Triple Play Late		Three late-season blooming apple trees in one container to form a clump. Enjoy 'Fireside', 'Haralred' and 'Honeygold' for eating and cooking. No pollinator needed.	Full Sun	20' h x 15' w		
<u>Asparagus</u>						
Purple Passion		Tender spear are a beautiful deep burgundy in color. More tender, mild and sweet than standard varieties. Vigorous and productive, producing spears ready for harvesting a year earlier than most varieties.	Full Sun			
<u>Berries</u>						
Chester Thornless	Blackberry	Medium to large berries are deep black, round and very sweet. This is a high quality and high yielding variety. Will not soften of lose its color in high heat. Late ripening.	Full Sun			
BrazelBerries Blueberry Glaze	Blueberry	A new compact, boxwood-like variety with nutrient-rich bundles of berries!
